Message from the Chairman

Throughout 2023, the global economy dealt with ongoing challenges from the aftermath of the COVID-19 pandemic and geopolitical tensions arising from the Russia-Ukraine conflict. Additionally, the conflict between Israel and Hamas significantly impacted global economic dynamics. Concurrently, escalating interest rates across international markets constrained economic expansion. Unavoidably, Thailand was not resilient to these impacts. The Bank of Thailand (BOT) incrementally raised the policy interest rate from 1.5 percent at the onset of the year to 2.5 percent by year-end, consequently amplifying operational expenses for the business sector and limiting domestic purchasing power. Meanwhile, the recuperation of the tourism sector remained in progress, contributing to the modest growth of the country's gross domestic product (GDP) in 2023, amounting to only 1.9 percent*.

Nevertheless, notwithstanding the deceleration in economic growth, XSpring Group has improved operational outcomes compared to the previous fiscal year. The performance was attributed to the strategic realignment of our investment portfolios to align with market conditions, resulting in enhanced returns. Furthermore, our diverse business entities within the corporate umbrella commenced full-fledged operations, yielding promising operational outcomes that surpass previous trajectories as follows: -

- Securities and Investment Banking Business (operating under Krungthai XSpring Company Limited in collaboration with Krungthai Bank Public Company Limited) encountered fluctuations in the securities trading market, which experienced a daily turnover of 49,000 million baht, marking a notable 30 percent decline from the preceding year. Consequently, the revenue from the brokerage witnessed a reduction. However, the company offset this decline through augmented income derived from investment banking activities and other sources. Additionally, the successful integration of Krungthai NEXT application in the first quarter of this year also led to an expansion of the customer base.
- 2. Asset Management Business (by XSpring Asset Management Company Limited) underwent an expansion initiative across mutual funds and private funds. In the mutual fund sector, the company fostered collaborations with over 16 asset management entities, diversifying the array of funds available to prospective investors. While, within the realm of private funds, the company broadened its clientele base by continually innovating new investment products, thereby enhancing the range of choices accessible to investors. Consequently, the operational performance of the company exhibited a progressive uptrend.
- 3. Distressed Asset Management Business (by XSpring AMC Company Limited) sustained a consistent effort throughout 2023 in auctioning non-performing loans sourced from financial institutions. This endeavor encompassed secured loans, previously managed by the company, unsecured loans, and corporate loans. Consequently, the company currently manages a comprehensive spectrum of debt categories, with the aggregate debt under management approximating 3,500 million baht, indicative of significant growth momentum.
- 4. Digital Assets Business (by XSpring Digital Company Limited) encountered challenges in the previous fiscal year stemming from the digital asset market's inability to fully recover, coupled with a decline in market trading volume. As a result, revenue derived from cryptocurrency brokerage and trading activities experienced a decline commensurate with the global market landscape. In the meanwhile, revenue generated from serving as an ICO Portal fell short of initial projections, primarily due to impediments posed by varied tax policy. The digital token market in Thailand remained subdued, with a limited number of token offering projects materializing during the period under review. However, the current government's initiative to bolster digital fundraising through token offerings, coupled with anticipated adjustments in tax policy, is poised to reignite interest in digital token issuance and offerings, thus fostering a resurgence in this business segment during the forthcoming fiscal year.

^{*} source: Office of the National Economic and Social Development Council, 19 February 2024

XSpring Group remains steadfast in its commitment to fostering sustainable growth across its business ventures. Central to this undertaking is the integration of various entities within the group, spanning customer outreach, operational frameworks, and human capital. The company maintains a persistent dedication to ongoing technological advancement aimed at enhancing operational efficiency, customer convenience, and safety. Looking ahead to 2024, the company aims to unveil the XSpring application, facilitating integrated investment opportunities. Furthermore, plans are underway to forge expanded partnerships with diverse enterprises, thereby broadening avenues for business expansion.

In closing, on behalf of XSpring Capital Public Company Limited's Board of Directors, I would like to extend profound gratitude to all shareholders, customers, and business associates for their unwavering trust, confidence, and continuing support bestowed upon the company. I express heartfelt appreciation to the management team and each employee for their relentless commitment and resilience in navigating the challenges of the preceding year. As we embark upon the endeavors of 2024, I earnestly urge executives and staff to maintain collaborative efforts in propelling the company toward sustained growth and enduring success.

Report of the Board of Directors'

Responsibilities for Financial Statements

XSpring Capital Public Company Limited and its subsidiaries

The Board of Directors is responsible for the financial statements and the consolidated financial statements of the Company and its subsidiaries, which are reported in conformity with the generally accepted accounting principles of Thailand. These financial statements were prepared based on appropriate accounting policy with consistency, with adequate disclosures provided in the notes to the financial statements.

The Board of Directors has appointed an Audit Committee, which comprises of Independent Directors, to oversee the sufficiency and credibility of financial reports and evaluating the effectiveness of internal control and internal audit functions to ensure accurate, complete, adequate financial information and timeliness and prevention of frauds or any significant irregularities.

The Committee has expressed its opinions with regard to the stated matters in the Report of Audit Committee, which is presented in the annual report.

The Board of Directors is of the opinion that the internal control system of the Company is adequate and appropriate, and thus provides an assurance that the financial statements and consolidated financial statements of the Company and its subsidiaries including financial information for the year ended 31st December 2023 are reasonably reliable.

Ms. Varangkana Artkarasatapon

Managing Director

Types of Business

XPG focuses on investing in various businesses both in domestically and internationally, aiming for potential returns and benefit of shareholders. The investment can be divided into short-, medium-, and long-term investments. Our business can be divided into 5 main business as follow:

1. Securities Business

After the merger, Krungthai XSpring securities business can be divided into the following categories:

Securities Brokerage

Krungthai XSpring provides a comprehensive range of quality services to local and foreign clients both individual and institutional investors by highly experienced marketing officers and research teams giving investment advices on both fundamental and technical basis.

The types of services offered include:

- Cash Account and Cash Balance Account
- 2. Credit Balance Account

Krungthai XSpring has further developed its WealthMe application to enable investors to open various types of trading accounts including cash balance account, cash account (T+2), TFEX account and mutual funds account. This mobile application eliminates the need for the applicant to submit additional supporting documents in paper and help to ease the problem of long approval time. In 2021, Krungthai XSpring has introduced Consolidated Portfolio Function on WealthMe Application where customers can manage and monitor all assets in their portfolio in one place for Thai stocks, offshore stocks, derivatives, fixed income and mutual funds. In addition, in 2022, Krungthai Bank Customers can view their Investment Portfolio with Krungthai XSpring directly on Krungthai NEXT mobile application. In 2023, Krungthai Bank customers can open investment accounts with Krungthai XSpring on Krungthai NEXT application for up to 4 account types including Cash Balance, Cash Account, TFEX Account and Offshore Account. Krungthai XSpring continually provides loan for clients which contribute to the increasing of Krungthai XSpring's trading volume. This business of providing loans to clients has been supported by KTB, a major shareholder.

Krungthai XSpring manages risks by reviewing credit lines in accordance with Risk Management's policy. Krungthai XSpring has a high level of quality control made possible by closely monitoring clients' trading transactions, limiting investment proportions to lower concentration and reviewing whether the clients should be called for more collateral. In case of a default payment, the operation services department will follow up so that payments are made in full.

Krungthai XSpring has established a policy regarding to the opening of new accounts based on "Know Your Customer" principle. This involves gathering adequate information required from an applicant in terms of investment objective, investment risk knowledge, experience and investment history. In order to assess whether to approve a credit line, a client's financial status as well as settlement ability is examined in order to prevent or limit any loss that might occur. Krungthai XSpring has delegated employees with the authority to approve loans subjected to a credit line's risk level. Krungthai XSpring has also established a procedure to review credit lines on a regular basis to keep track of a client's trading and settlement history and to ensure that client data is kept up to date.

Derivatives Agent Business

As Krungthai XSpring emphasizes on expanding its investor base in the derivatives market, "Derivatives Center" was formed to educate investors. It provides variety of training courses related to derivatives instruments to its clients, employees and general investors and also regularly takes part as an educator in seminar events and conferences organized by TFEX.

Securities Borrowing and Lending

Krungthai XSpring offers Securities Borrowing and Lending (SBL) services for investors to be able to expand their investment alternatives and to hedge their portfolio risks during market fluctuations. Krungthai XSpring serves as a principal for securities listed in the SET100 Index.

Securities Trading

Krungthai XSpring engages in proprietary trading with the objective of generating additional income for the company by investing in securities with good returns. Krungthai XSpring defines its policy in compliance with the SEC regulations, which cover important policies as follows:

- Policy concerning authorized persons for securities dealing.
- Policy on risk management.
- Policy on preventing conflicts of interest.
- Policy on compliance.
- Policy on proper capital allocation to each security types
- Policy on the investment objectives and expected return targets compared with benchmark returns.

Currently, investments in securities were classified into 2 categories:

- 1) Investments in equity securities listed in Thailand
- Investments in debt securities with good returns such as government bonds and 2) corporate bonds with investment grade and investment period as per approved by the Management Committee and invest in non-rated bonds that was approved by Executive Committee.

Underwriting Business

Krungthai XSpring carries out underwriting business both in the form of serving as a financial advisor and subsequently adopts the role of underwriter, or joining financial institutions and other securities companies in offering a variety of securities products. These products includes government bonds, state enterprise bonds, common shares, preferred shares, debentures and convertible debentures. Krungthai XSpring actively engages in the underwriting business and has extensive experience in the role of lead and co-underwriter, firm underwriting and best efforts underwriting.

Financial Advisory Business

Krungthai XSpring offers a number of financial advisory services, including issuing equity instruments through initial public offerings, private placements, convertible debentures, rights issues and debentures with warrants, new listings on the SET and the MAI, mergers and acquisitions services, firm valuation, source of fund providing, business restructuring and other financial advisory services.

Krungthai XSpring expanded its business to Laos through BCEL-KT Securities (BCEL-KT), a joint venture between BCEL bank and Krungthai XSpring. It acts as the financial advisor to BCEL-KT and an underwriter of EDL Generation, the first initial public offering in Laos.

Wealth Advisor

Krungthai XSpring established wealth advisory services to serve clients in terms of wealth creation, wealth accumulation, wealth preservation and wealth distribution according to their financial objectives, status and expected return with an acceptable risk. Krungthai XSpring provides one stop service to fulfill clients' financial goals through variety of financial products such as Equities, Fixed Income, Derivatives and Offshore Investments to ensure a diversified portfolio.Krungthai XSpring acts as a selling agent for 16 Asset Management Companies and in 2022, customers can trade mutual funds by themselves via Streaming Fund+ mobile application.

Private Fund

In 2012, Krungthai XSpring was approved by the Securities and Exchange Commission to operate in private fund business.

International Market Securities Trading

Krungthai XSpring provides International Market securities trading (offshore) services for investors with the objective to seek a better return than investing in the domestic market and to diversify risks. In 2019, Krungthai XSpring introduced KTX Inter Trade program and mobile application where investors can trade offshore stocks real-time and gain access up to 30 markets in 24 countries across 4 continents including North America, Europe, Asia and Australia.

In addition to efficient trading systems, Krungthai XSpring also ensures the reliability and efficiency in the international settlements by appointing highly reputable global institutions as agent. This is to assure Krungthai XSpring's clients of the settlement capabilities that is on par with international practice for offshore trading.

Derivative Warrants and Derivatives

In 2023, Krungthai XSpring did not issue derivative warrant. Krungthai XSpring issued short-term structured notes which are Equity Linked Note (ELN), Principal Protected Note (PPN), Reverse Equity Linked Note (R-ELN) and Knock-In Knock-Out Equity Linked Note (KIKO) as investment products to offer to institutions and high-net-worth investors.

Foreign Exchange Business

In September 2018, Krungthai XSpring was granted license by the Ministry of Finance to be an authorized foreign exchange which could operate only for the clients who invest in securities and/or derivatives through Krungthai XSpring as a broker.

Industry Outlook and Competition

The SET Index in 2023 closed at 1,415.85 points, down 252.81 points or -15.15% YoY. Overall, the index moved in a downward direction. After hitting the high point for the year at 1,695.99 points on January 13, the index subsequently continued to decline to the low of 1,354.73 points on December 13. The downtrend was a result of foreign investors turning to net sellers at a cumulative -Bt192,368mn, compared to 2022 when they net bought at +Bt202,694mn. Political uncertainties in the country, including delays in the establishment of the new government, coupled with a weaker-than-anticipated Thai economy amid a global economic slowdown and the postponement of the 2024 budget disbursement, further exacerbated the market decline. The Fiscal Policy Office (FPO) thus revised down its 2023-24E Thai economic growth projections to 1.8% and 2.8%, respectively (vs. 2.7% and 3.2% previously). For the aforementioned reasons, the returns on investment in the Thai stock market showed that the SET was the second biggest underperformer in Asia after China.

Looking toward 2024, we anticipate improvements in the SET compared to 2023, driven by several factors. Firstly, the domestic economy is poised to strengthen as the government expedites the disbursement of the 2024 budget, particularly for previously delayed investment projects. The government is also expected to introduce further economic stimulus measures, such as the Digital Wallet scheme, or alternative initiatives if the former cannot be implemented. These measures have the potential to uplift the economy by approximately 60 bps from the baseline projection. Secondly, the economies of Thailand's trade partners are expected to experience growth. The IMF recently raised its 2024E global economic projection to 3.1%, mirroring the forecast for 2023. This outlook is supported by expectations of monetary easing policies from global central banks, particularly the Fed and ECB, through interest rate cuts expected in the second half of the year. Lastly, from a fundamental-based valuation perspective, KTX anticipates the SET Index to reach 1,613 points by the end of 2024E. This projection is based on a multiple regression model considering the following assumptions: i) 12M EPS for the SET at Bt109.7, according to the Bloomberg consensus projection; ii) a market risk premium (MRP) at 3.70%, down from the current 4.29%, reflecting alleviated concerns over the Thai economy owing to the forthcoming stimulus measures; and iii) a risk-free return based on the Thai 10Y bond yield of 3.10%, compared to the current 2.61%, reflecting the anticipated increase in the supply of government bonds to meet the growing domestic demand for borrowing to fund planned economic stimulus programs.

	Market risk premium ratio	Market risk premium (Adjust)	Earnings Yield	SET Estimated
-2 SD.	1.10	4.07%	7.17%	1,531
-1 SD.	1.05	3.89%	6.99%	1,571
0 SD.	1.00	3.70%	6.80%	1,613
+1 SD.	0.95	3.52%	6.62%	1,657
+2 SD.	0.90	3.34%	6.44%	1,704

The average daily turnover of the SET in 2023 stood at Bt53,311mn, decreasing 30.5% from Bt76,773mn in 2022. Looking ahead to 2024, we anticipate an increase in daily turnover from the 2023 level, driven by the improvement in both the domestic and global economies, as well as the fundamental attractiveness of Thai stocks.

Sources: Stock Exchange of Thailand (SET), the Securities and Exchange Commission (SEC), Research Department at Krungthai Xspring Securities Co., Ltd.

In 2023, funding activities through capital markets increased from 2022, with 43 initial public offering (IPOs) during the year (23 in the SET and 20 in the mai) vs. 41 IPOs in 2022 (23 in the SET and 18 in the mai). However, the number of firms with large market capitalization listing on the SET in 2023 was relatively modest; those with the largest market capitalization included SCG Decor Public Company Limited (SCGD) and Asia Network International Public Company Limited (ANI).

Funding activities are expected to remain lively in 2024E and improve from the previous year, primarily fueled by the anticipated rebound of the Thai macroeconomy and stronger global economic growth. This optimism follows expectations that global central banks, including the Fed, the ECB and the Thai MPC, will implement more easing policies, such as potential rate cuts, as global inflation returns to the target range. This should enhance the attractiveness of investment in securities, as the required rate of return aligns with lower bond yields after experiencing a continuous increase over the past two

In 2023, the investor mix in the SET differed from the previous year. The proportion of retail investors decreased to 34% of the total turnover, compared to 39% in 2022, while the proportion of foreign investors increased to 51% from 46%, primarily due to their increased selling transactions. Meanwhile, domestic retail investors slowed down their investment pace due to the sustained deceleration of the Thai equity market throughout 2023. Finally, internet trading accounted for 29% of the total trading volume in the same year, down from 35% in 2022.

Source: Bloomberg & Internally compiled

Private Fund

As of December 31st, 2023, the private fund industry has a total net asset value of 2,170,065.37 million Baht, with a total of 4,256 private funds, an increase of 203,736.76 million Baht from the end of 2022 or an increase of 10.36%.

For the market share of private funds, AIA Asset Management (Thailand) Co., Ltd. ranked first and has the highest market share of 33.62%, followed by SCB Asset Management Co., Ltd. 29.85% and Kasikorn Asset Management Co., Ltd. 8.62%, respectively.

3. Asset Management Business

XSpring AMC Asset Management Company Limited ("XAMC") (formerly known as Lumpini Asset Management Company Limited) is an asset management company which operates to acquire and manage NPLs and NPAs, whereas the Company purchases the NPLs from the financial institutions in Thailand. It initially managed portfolio in 2021, focusing on secured loan. In 2023, XAMC strategically expanded its non-performing loan (NPL) management services to encompass both corporate and unsecured loans, while maintaining its unwavering commitment to sustainable business growth and unwavering adherence to good governance principles.

The company main businesses are as follows:

1. Non-performing loans procurement and management

XAMC bids non-performing loans from leading financial institutions. XAMC will do the financial forecast & evaluation possibility of debt collection & debt repayment, and collateral value in each bidding action.

When the non-performing loans auction completed, XAMC will manage non-performing loans under XAMC policy. XAMC aims to provide debt compromising and debt restructuring with considering to obtain cashflow as soon as possible or take legal action to complete the cases as soon as possible.

2. Non-performing assets management

XAMC has non-performing assets from non-performing loans which XAMC managed through the bidding process. The company set the price of NPAs by considering various factors such as property obligation, asset condition & asset liquidity, asset fair value, bidding price, internal appraisal value, asset market price, and etc.

Non-performing asset will be sold through XAMC's sale channel and XAMC's partner sale channel with sale promotion to stimulate sale.

Last years, XAMC exceeding the established target and successfully acquired NPLs portfolios through auctions held by the Banks. Now, XAMC manages a non-performing loans portfolio valued at 4 billion baht. The company maintains its intention to acquire additional non-performing loans in this year. Even though the numbers and growth rate of non-performing loans has remained relatively stable when comparing 2022 and 2023, the company anticipates an increase in the absolute number and growth rate of non-performing loans in the coming year. This anticipated increase is attributed to the sluggish economic recovery and the uncertain outlook for the global economy.

4. Digital Asset Business

XSpring Digital Company Limited (formerly known as SE Digital Company Limited) has the main objective to conduct the digital asset business as a digital asset broker, digital asset dealers, and the provider of ICO portal.

XSpring Digital Company Limited has obtained the digital asset brokerage and dealer license since 22 November, 2019 and has been activated since 18 February, 2020. Currently, the company has registered more than 45 coins in the platform. Additionally, the company previously acted as the ICO portal for the issuance of the sirihub tokens, is working on 4 projects with the total value of THB 4.5 billion.

5. Investment in potential business

The Company's investment can be divided into 3 main types: 1) investment in funds 2) direct investment and 3) investment in digital token. XPG aims to invest in both domestically and internationally for the sustainable return.

In the past year, the company has strategically expanded its investment portfolio by providing direct secured loans to companies. Additionally, the company is actively exploring investment opportunities in domestic and international private credit funds. Despite the rising global interest rate trends, the company prioritizes opportunities that demonstrate efficient future growth potential. Recognizing the potential for positive shareholder impact, the company is particularly interested in FinTech, infrastructure technology, and sustainable businesses.

Financial assets

The Group has set a policy on lending and investments in securities to be a guideline for managing of lending and investment in both debts and equity instruments to generate returns appropriate to the risk appetite in accordance with risk management policy and regulations.

As at December 31, 2023, the Company had loans to others amounted of Baht 2,030.00 million and investments amounted to Baht 4,815.88 million. The investments comprise equity securities and unit trust in domestic and foreign totaling Baht 2,593.82 million, corporate debt securities of Baht 987.96 million, perpetual bonds of Baht 460.30 million and other investments of Baht 773.81 million.

The Group's financial assets have been prepared in accordance with Thai Financial Reporting Standards which can be summarized as follows:-

Accounting policies

1) Revenue recognition

Interest income

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

Interest and dividend on investments in securities

Interest on investments is recognised as income on an accrual basis based on the effective interest rate. Dividend on investments is recognised as income when the dividend is declared.

Gain (loss) on trading in securities

Gain (loss) on trading in securities is recognised as income or expenses on the transaction dates.

2) Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All recognised financial assets are measured subsequently in their entirely at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and measurement of financial assets

All recognised financial assets that are within the scope of TFRS 9 are required to be measured subsequently at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets, specifically:

- Debt instruments that are held within a business model whose objective is to collect the
 contractual cash flows, and that have contractual cash flows that are solely payments of
 principal and interest on the principal amount outstanding, are measured subsequently at
 amortised cost.
- Debt instruments that are held within a business model whose objective is both to collect the
 contractual cash flows and to sell the debt instruments, and that have contractual cash flows
 that are solely payments of principal and interest on the principal amount outstanding, are
 measured subsequently at fair value through other comprehensive income (FVTOCI).
- All other debt investments and equity investments are measured subsequently at fair value through profit or loss (FVTPL).
- Despite the foregoing, the Company may take the following irrevocable election/ designation at initial recognition of a financial asset.
- The Group may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination in other comprehensive income.
- The Group may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

When a debt investment measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. When an equity investment designated as measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is subsequently transferred to retained earnings.

Classification and measurement of financial liabilities

At initial recognition the Group's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Group takes into account any fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in profit or loss.

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost and securities business receivables. The amount of expect credit losses is updated at each reporting period date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group recognises allowance for lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Derecognition of financial instruments

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity, or the Group has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

As at December 31, 2023, The Group had investments in debt and equity instrument amount of Baht 4,922.70 million which has been measured to fair value of the financial assets in accordance with Thai Financial Reporting Standards.

Investments in subsidiaries, associates and other companies

The company has policies to invest in subsidiaries, associates and other companies to expand businesses and distribution channels for customers. The Company has invested in many potential businesses to generate additional revenues for the company's business and their shareholders. Investments are determined by long-term returns and risks with suitability, profitability and no conflict of interest too.

The Company has rules for new directors, or the management in subsidiary and associated companies, who are legally authorized to act on behalf of the Company who must be appointed by the Board of Directors. The Board of Directors must consider the person who has the appropriate qualifications and no prohibiting characteristics as specified in Securities and Exchange Act. In the case the Board of directors will appoint a person to be an independent director or Audit and Risk Management Committee director or any other sub committees the Company will do this within comp the Act. Furthermore, the directors and the managers of subsidiary and associated companies must be granted approval by the office of the Securities and Exchanges and/or the Bank of Thailand too.

The Company determines the powers and duties of directors and management who are legally authorized to act on behalf of the Company, its subsidiary or associated companies, in controlling or participating in any important policy relating to the business operations. The company will comply with the effective internal control system by determining operating procedures, delegation of approvals to prevent the directors or the management engaging in any act which may cause damage to any subsidiary and associated companies.

The Company has the mechanisms for controlling subsidiary and associated companies regarding the disclose of their financial position and results of operations, Disclosure of information and other acts of listed companies concerning connected transactions, Disclosure of information and other acts of listed companies concerning the acquisition and disposition of assets, or any important transactions, is consistent with the criteria of the Company. Some subsidiary and associated companies are securities companies. They have duty to disclose information as specified by law and the Company, subsidiary and associated companies have the staff to coordinate disclosure. Furthermore, Each Company has an Audit and Risk Management Committee or independent compliance officer to supervise or give opinions in order to comply with relevant laws. The person who is appointed to be a director of a subsidiary and/or associated companies has a duty to operate transparently the business for the best interest of these companies.

The Company has determined suitable internal control systems for subsidiaries companies and mechanisms to supervise its such as

- 1. In Shareholder meetings, the Company on behalf of the major shareholders has the right to vote on important agenda items such as increase or reductions of capital, Dissolution of subsidiary company etc
- 2. In management terms, the Company determines the representative who is assigned as the director or the management of subsidiaries companies and who has the duty to report the results of operations including any problems, ensuring the Board of Directors' meets at least every quarter or in the case of emergency. The Company will have a meeting for acknowledgement and approval or rectification of any problems.

The Company has entered into an agreement with Krungthai Bank Plc. to manage Krungthai XSpring Securities Co., Ltd., an associated company. This agreement follows the transfer by the Company of its operating assets and major staff to Krungthai XSpring Securities Co., Ltd. to protect the business from higher competition as a result of liberalization of the securities business. The Company has temporarily ceased its operation of its securities and derivative business to act in accordance with the agreement between the Company and KTB and both parties can appoint their representatives to be directors and management.

In 2023, the Board of directors had the role to supervise the operations of the Company in accordance with all laws and regulations. The Company did not fail to comply with the law.

For dividend payment policy of subsidiaries, it depends on each company's Board of Directors and must be approved by the shareholders' meeting of that company.

2. Risk

Management

2.1 Company's Investment Risk

In 2023, the Company experienced significant developments across various areas, aiding in the reduction of risks associated with holding distressed assets. Firstly, XSpring Asset Management Company Limited operates in managing mutual funds, private funds, and provident funds, having been granted authorization by the Securities and Exchange Commission (SEC) to function as a REIT manager, as well as operating as Limited Broker Dealer Underwriter (LBDU). The company sought for licenses for Digital Asset Manager. Secondly, XSpring Digital Company Limited has been granted a license from SEC to operate as an ICO Portal in 2019, and already obtained licenses to function as a Digital Asset Broker and Digital Asset Dealer.

In conclusion, the Company achieved most of its strategic objectives in 2023. While the economy had recovered from the impact of the COVID-19 pandemic, global economic growth continued to slow down as most central banks raised interest rates to control inflation. In 2024, Thailand's economy is projected to grow, driven primarily by private consumption and the tourism sector. Although governmental policies to stimulate spending have yielded positive results, uncertainties persist due to both internal and external factors. The recovery trajectory remains uncertain, and financial markets worldwide experience fluctuations. Additionally, risks associated with household and business debt repayment, coupled with geopolitical instability, may impact investor confidence. However, in response to this dynamic landscape, our company proactively adapts to change and actively seeks viable business opportunities. By staying attuned to evolving socioeconomic conditions, we aim to accomplish sustainable growth for the Company.

2.2 Policies, Laws, and Regulations related Risk

The Company group has operated in 5 core businesses; 1. Investment business 2. Securities business 3. Fund management business 4. Asset management business and 5. Digital asset business. All five of the Company group's core businesses have to be under its own laws, regulations, and are under supervision of specific regulatory agencies such as the Securities and Exchange Commission (SEC) and The Stock Exchange of Thailand (SET). Relevant laws and regulations are constantly changing to strengthen stability, transparency, and fairness of the financial industry, the Company's group is therefore exposed to laws and regulations related risk which is necessary for the Company's group to keep updating, and strictly follow such changes. However, the Company's group is fully aware of the risk, and has been monitored for changes of laws and regulations from the news, official website of the relevant parties, and also communicate and provide training to employees regularly. In addition, the Company group has the Compliance and Internal Audit Department to monitor and assess the risk on a regular basis. The Company is confident that the risks from changes in policies, regulations and related laws are very well under control.

2.3 Competitive Risk

The Company group operates a complete cycle of securities and digital assets businesses including securities business, fund management business, asset management business, and digital asset business. Today, the business is becoming more and more competitive, especially after the change of trading fee regulation. As a result, securities companies in the industry are more competitive in price. Also, the transformation into the digital age where technology is applied to provide greater convenience and access to financial transactions. These changes have made consumers' awareness to compare each company's service and technological innovation. The Company foresaw the changes and impacts that will occur in the industry. Therefore, there were service adaptation and technology adoption in the Company group which including investment in XSpring Digital Company Limited, which operates in a digital asset business as a provider of digital token offering platform known as ICO portal.

2.4 Business Risk

As the Company operates its core business by investing in other businesses (Holding Company), the Company's cash flow comes from dividend income from its subsidiaries and associated companies. Therefore, there is a risk that businesses' results of subsidiaries and associated companies do not meet expectation due to various factors whether it is from the Company's specific risk or industry and economic conditions that may affect business and unable to pay dividends to the Company. However, the Company has set a standard policy to be applied to its affiliates in order to ensure that the business alignment and reduce the risk that may arise from unforeseen events.

In addition, the Company's representatives were also sent to act as directors of its affiliates whom has the authority to take part in setting up various policies that are important to the business operation including selecting professional executives in each department to manage each company within the group. This makes subsidiaries and associated companies under good control and surveillance to ensure that the Company can timely prepare to cope with negative impact that may occurred in the future events. Thus, the Company has confidence in managing various business risks that might be occurred such as operational risks, credit risk, and specific risks in each business.

2.4.1 Securities Business

Securities business gains main income from service and brokerage fee that is directly affected by the external factors beyond the Company's control such as economic condition, political situation, money flow in the financial market and capital market both local and overseas, and investor confidence, etc. The Company is aware of the risk from the various uncontrollable factors. The Company's investment in securities business is therefore a joint venture to strengthen the Company's group, and expand revenue generating channels to be even more diversity.

2.4.2 Fund Management Business

Fund management business gains main income from management which is a proportion of net asset under management. The risk that affected the asset value mainly comes from market risk such as changes in the stock market index, stock prices, interest rates, exchange rates which is also caused by changes in the economic conditions, money and capital markets, issuer's performance, and terms and conditions for the return of securities. Thus, apart from general business risks, the market risk will affect the net asset value under management and the Company's performance.

2.4.3 Asset Management Business

Asset management business has main income from managing non-performing loan and asset (NPL and NPA), then sell in the market. There are major risk factors in conducting asset management business apart from general business risk such as asset quality, risk from changes in price of collateral assets or hold for sale asset.

2.4.4 Digital Asset Business

As a digital asset business operator for digital token offering platform (ICO Portal), digital asset broker and digital asset dealer. The Company provides digital asset services which is using blockchain technology to store electronic data set which has major risk in information technology. In addition to general business risks, it is necessary to have sufficient information technology and cyber security for cyber threats and data lost prevention.

2.5 Human Resource Risk

For the Company group's business, human resource is an important factor in doing business, as there are businesses in many areas that require expertise in a specific area, such as technology, investment banking, investment advisor, etc. If the Company group loss employees in those areas, it may affect business operations and the Company group's business results. The Company group realizes the risks and impacts on the possibility may have occurred. Therefore, a succession policy and plan has been formulated in order to have someone fulfill the role and responsibility to carry on the task. In addition, the Company group pays great attention to the human resource management system such as organize seminars and promote knowledge enhancement of employees at all levels, clear compensation and benefits policy in order to create incentives for joint development of the Company group to move towards their goals. Also, the Company focuses on building corporate culture, good relationship among employees, and promoting team work. The Company group is confident that the mentioned policies will help the employees in the organization to work happily, harmoniously, and jointly develop and grow together as one with the Company.

2.6 Short-Term Bill of Exchange Risks

1. Credit Risk

Credit risk refers to the investor of debt-liked instruments such as Bill of Exchanges/ Promissory notes/ Corporates Bonds that face the risk of not receiving the interest and principal amount by a certain date, irrespective of when it is. When the debtor has defaulted on debt instrument payment and declares bankruptcy, the preferential creditors have rights that extend beyond those of the shareholders. However, the Company is focusing on investing in debt instruments that contain a pledge of collateral to prevent debtor defaults.

2. Price Risk

The price of debt instruments varies depending upon many factors, such as interest rates, the policies of the Bank of Thailand, overall economic conditions, the inflation rate, the due date of the instruments, and excess or deficient demand for such instruments. When an investor sells a debt instrument before the maturity date, they may get less cash than the face value due to volatile market conditions. Therefore, the Company is willing to hold the debt instrument until the maturity date so it can receive the expected return and mitigate risks from secondary market pricing.

For stock and mutual fund investment, the market and price risk is closely monitored and managed by an accredited asset management company under SEC supervision and reported to the Company periodically.

3. Liquidity Risk

An investor that wishes to sell debt-liked instruments in the secondary market before the maturity date may be unable to do so at that time at the expected price due to a lack of liquidity. However, they may be able to sell it to a commercial bank, a securities company or another financial institution that has a full license to undertake debt instruments. Apart from this, an investor may not sell debt instruments to individuals except for financial institutions or institutional investors as set forth in clauses 4 and 6 of the SEC notification at Gor Jor 4/2017 "The Definition of The Institutional Investors, Ultra High Net Worth and High Net Worth Investors" dated February 8, 2017, except in cases of inheritance transfer.

On the other hand, the selling of stock is less prone to liquidity problem compared to debt instruments since the stock market is highly liquid. Moreover, the Company is focusing on investing in stocks that are highly liquid to prevent the price fluctuation, where the bulk sale of such stock has occurred.

4. Solvency Risk

Solvency risk, as it pertains to debt instruments, refers to the issuer lacking the cash flow to pay a debt on the due date. This may occur if they are unable to sell a newly issued instrument in order to use it to pay off a previous one. The Company, as the issuer of debt instruments, is exposed to all of the abovementioned risks, which necessitates the possession of sufficient cash reserves or trading securities that can be converted into cash rapidly.

Nevertheless, the financial statement has shown that the Company has cash and cash equivalents, as well as financial ratios, which represent sufficiency of the Company's liquidity to repay its debt. Therefore, the Company is confident that debt repayment is at a manageable level.

3. Business Sustainability

Development

The Company has a policy and operates business focusing on Good Corporate Governance, disclosure on the transparency principle and corporate social responsibility for all stakeholders, including shareholder, customer and supplier. The Company's disclosure and transparency are in line with the Good Corporate Governance

The Company treated employees fairly with reasonable compensation, welfares and benefits such as provident fund, medical examination, health insurance, etc., as well as work-life balance for employees. The Company also provided training to employees to continuously develop and enhance skills of employees.

In 2013, the Company instituted a practices on anti-corruption across the entire organization from the Board level down. It is prohibited to offer or receive any benefit in exchange for doing, or avoiding from doing, one's duties or undertaking any unethical conduct aimed at gaining personal benefit, or for entering into inappropriate business activities.

The Company has a process for assessing the risk of corruption with the involvement of personnel of each department to obtain various information and opinions, monitoring and evaluation of compliance with the anti-corruption practices consistently. The auditor or the internal auditor independently review the results of the evaluation to the Audit Committee and report to the Board of Directors, respectively. The Company has trained and rehearsed with the employees to provide knowledge about the Company's anti-corruption practices.

The Company has supervised to prevent and monitor the risk of corruption, and inform Company's personnel and outsiders and provide training in all communication channels. The Company has set regulation guidelines, penalties, and channels for receiving complaints in case of fraud.

The Company has guidelines for monitoring and evaluating the implementation of the anti-corruption practices, with the Internal Audit Department examining the internal control system, risk management, and corporate governance. The Internal Audit Department will report significant audit results along with recommendations to the Audit Committee. 4. Management Discussion

and Analysis

1. Overall operating results for the year ended December 31, 2023

The Company reported net consolidated profit for the year ended 31 December 2023 of Baht 106.09 million, comparing with the same period last year which reported net loss of Baht 171.12 million, increasing in profit by Baht 277.21 million. The details were as follows:

- 1. Total revenues were Baht 621.71 million, increasing by Baht 530.14 million mainly from:
 - Fee and service income of Baht 87.17 million increased by Baht 50.49 million mainly from an
 increase in fee and service income from XSpring Asset Management Co., Ltd. and XSpring
 Digital Co., Ltd., the subsidiaries.
 - Interest income of Baht 466.88 million increased by Baht 334.61 million mainly from interest income from loans to non-related parties and investments of Baht 281.94 million and interest income from loans to the purchase of debtors of Baht 49.85 million from XSpring AMC Asset Management Co., Ltd., a subsidiary.
 - Gain from investment of Baht 16.36 million which decreased in loss from investment by Baht 122.24 million mainly from a realized loss and unrealized loss on investment unit trusts on last year from Asian and Developed Markets due to the volatility of both domestic and international markets, essentially the United States. However, the Company has adjusted its investment portfolio by investing in debt and equity instruments as well as lending more loans this year, resulting in lower investment losses.
- 2. Total expenses were Baht 550.19 million, increasing by Baht 214.85 million mainly from:
 - Personal expenses increased by Baht 87.27 million from the higher number of employees to support the group's business expansion.
 - The expected credit loss of Baht 91.63 million was mainly from set up allowance of the
 expected credit losses from loans to the purchase of debtors and other receivables of the
 Company and a subsidiary.
 - Other expenses of Baht 163.90 million increased by Baht 33.49 million mainly from the higher in amortization expense of fixed assets of Baht 47.85 million. In the meanwhile, professional advisory fee decreased by Baht 15.20 million.
- 3. The Company recognized share of profit from associates of Baht 59.47 million, decreasing by Baht 23.48 million, mainly from the share of profit of Krungthai XSpring Securities Co., Ltd., which the Company hold 49.71% shareholding decreased by Baht 32.59 million. Net profit of Krungthai XSpring Securities Co., Ltd. decreased by Baht 65.55 million, due to the lower in brokerage fee income by Baht 328.59 million or 34.91% as a result of the decrease of the average equity trading value from Baht 70,658.23 million per day to Baht 49,408.50 million per day or 30.07%. Furthermore, the other income decreased by Baht 23.63 million, total expenses decreased by Baht 286.67 million.

2. Operating results

Operating results for the year ended December 31, 2023

Revenues (1)

6. Factors that may have impacts on future performance

Xspring anticipates that external factors such as capital market and digital asset volatility, launching new attracting funds to investors by market competitors, rising in household debt may have an impact on the Company's operation result. XSpring has created the group's ecosystem to meet customer's needs, encompassing six financial service businesses, which are divided into three groups as following:

- 1. Financial services for clients seeking capitals including:
 - Investment Banking provides comprehensive financial advisory services with expertise in mergers and acquisitions, business rehabilitation and restructuring as well as debt issuance. This includes initial public offerings (IPO) and digital fundraising for digital tokens through initial coin offerings (ICO).
 - Debt Financing promotes and supports high-potential companies to facilitate stable and sustainable business growth through direct loans and debt securities (e.g., bonds, commercial paper, and promissory notes), as well as off-market debt securities (Private Credit).

- 2. Financial services for clients seeking investments including:
 - Wealth Management offers a variety of investment products for customers including products from 16 partner asset management companies and various funds under curation by Asset Management Company such as private equity funds and real estate investment trust funds.
 - Brokerage provides brokerage services for securities and digital assets.
- 3. Businesses under the XSpring Group including:
 - Investment focuses on investing in high-potential businesses domestically and internationally for maximum returns. Investments are divided into three categories: Financial Technology (Fintech),
 Customer-Centric, and Environment, Social and Corporate Governance (ESG) businesses.
 - Distressed Asset Management is another business of XSpring Group that leverages real estate experiences from its shareholders and executive management to strategize the selection of quality assets and collaborate with a leading integrated real estate management company, as the partner in managing non-performing asset (NPA) sales.

All of XSpring's services are driven under the Business Transformation strategy aiming for unity and excellence. This involves the process reformation, technological advancement, and human resource development to harness the ecosystem that maximizes benefits from all resources through Customer Data Integration. With the customer-centric focus, XSpring will truly serve as an intermediary between businesses seeking capital for expansion and investors seeking genuine financial wealth. It plans to launch the XSpring application, which is the platform to enhance convenience and elevate the investment experience for customers, thereby increasing the opportunity for financial success.

6. Corporate Governance

Policy

6.1 Overview of Policy and Guideline of Corporate Governance and Code of Conduct

The Company and its Board of Directors realizes the importance of Good Corporate Governance is committed to conducting all its business in compliance with the good corporate governance principles and guidelines set by the Stock Exchange of Thailand (SET).

1. Rights of Shareholders

The right to obtain information

All shareholders shall receive notice and details of meetings together with the Board of Directors' opinion on such matters not less than 14 days prior to the meeting date, and also receive notice of the AGM, with details provided on our website not less than 30 days prior to the meeting date, and the Company will publicize the AGM's minutes on its website within 14 days after the meeting date. This will ensure that shareholders have timely and sufficient information regarding the issues to be decided at meetings.

Voting rights

All shareholders have the right to attend shareholders' meetings and vote in accordance with the Articles of Association of the Company. The Company also provides a proxy form for shareholders who cannot attend meetings to appoint an independent director as a grantee in which the shareholder can specify their vote for each matter on the meeting's agenda.

For the election of the Company's directors, each candidate is introduced one by one, and shareholders vote for each individual.

Moreover, prior to the meeting, the Chairman will inform shareholders about the rules and conditions on the voting, a legal advisor from a law office will be invited to attend the meeting in order to inspect voting and observe the transparency meeting.

The rights to express opinions and ask questions

Shareholders are given the opportunity to nominate any individual who is appropriately qualified to be a director and ask questions in advance via the company's website before the meeting and are given the opportunity, during the meetings, to express their opinions and ask questions on any matter relating to the Company. At the end of the meeting, the Board and executives will provide time to discuss with shareholders exclusively.

The rights to be treated equally

All shareholders rights and benefits shall be treated equally.

The Company has a policy to support and facilitate the shareholders, including institutional investors, to attend the general meetings of shareholders by selecting the meeting venues where the mass transit system are available and sufficient for the shareholders to conveniently commute to attend the meetings, including reservation of sufficient car parking spaces, or hold the electronic meeting in accordance with applicable rules and regulations for shareholders to attend the meeting elsewhere.

2. Equitable Treatment of Shareholders

In 2023, the Company website was adjusted to allow shareholders to be able to propose additional agenda items and nominate qualified directors prior to the AGM meeting via the Company's website.

The Company has published the notice of the shareholders' meeting and other meeting documents, both in Thai and English, on the Company's website at least 30 days in advance of the meeting to facilitate the shareholders to access and download the documents in advance.

For shareholders who are unable to attend the meeting, the Company facilitates by sending a proxy form together with the meeting invitation letter to allow shareholders to exercise their voting rights. Besides, the Company has proposed at least one independent director to be an alternative proxy. For foreign shareholders, the Company has sent the meeting invitation letter and meeting documents, including the proxy form in English as well.

For voting in the shareholders' meeting, the Company gives the shareholders the right to vote in the form of one share per one vote, which the Company encourages the shareholders to vote by using a voting card or other applicable means. The Company also used the services of Thailand Securities Depository Co., Ltd. (TSD) for registration and vote counting for transparency and accountability.

The minutes of the shareholders' meetings are disclosed on the Company's website within 14 days after the meeting and presented at the next meeting to be certified. The certified minutes will be kept in the secured area and inspectable by the stakeholders.

Policies regarding the Keeping of Confidential information and the prevention of the use of inside information have been implemented. Directors and senior executive are required to report their shareholding of the Company to the Board of Directors regularly. And the Company applies silent periods ahead of any announcements in line with SET guidelines.

3. Roles of Stakeholders

The Company realizes that the growth and success of the Company is derived from the support of all its stakeholders. The Company, therefore, as a general practice serves all stakeholders, as follows:

3.1 **Shareholders**

Accurate and timely disclosure of all material matters are made through appropriate channels, such as the Regular Set Information Management System (RSIMS), the Company's website, newspapers, press releases, letters, etc.

3.2 Clients

"Customer satisfaction" is a major concern of the Company and its affiliates. To this end, focus is made on the development of services and the creation of additional approved and licensed financial and investment instruments. The Company and its affiliates realize the importance of protecting the personal information of customers. Therefore, a privacy policy has been prepared. It describes how the Company and its affiliates collect, use, disclose, and/or transfer personal data locally and/or abroad as well as the right to personal information. This covers online communication channels, websites, mobile applications, call centers, events, and exhibitions. A code of ethics is implemented; any claim or suggestion from clients is put into action immediately.

3.3 Employees

Employees are key to the Company's growth. Appropriate remuneration competitive to other companies in the same industry is provided and reviewed regularly. The Company remunerates staff in the form of salary and bonus based on their performance for both the short and long term. The Company may ask shareholders to approve an Employee Stock Ownership Plan (ESOP) (if any) to create motivation and sense of participation in the ownership of the Company.

The Company provides orientation programs and a corporate manual for new employees outlining its policies, focusing on its rules and regulations and associated disciplines, and standard requirements for employee personal data protection policy. It also covers benefits and welfare, leave obligation, group medical & hospitalization insurance scheme, group life & accident insurance plan and provident fund.

Besides, the Company has set policies and guidelines regarding safety and hygiene in the workplace. The Company has joined and organized such plans, such as joining the fire escape plan of the building every year, providing emergency plans for offsite operations in the event of a serious incident, providing security for employees working in the building, etc.

In 2023, no employees get accidents or illness resulting from operations.

Focus on the capability of employees is provided by in-house training and external seminars to increase their knowledge, ability and efficiency to enable them to cope with dynamic changes in rules, products and technology.

The Company also opens for expression of opinions and any suggestions and promotes activities to harmonize and sustain good relationships among employees such as an Annual Blessing Ceremony, recreation activities, sports days and awareness of health and hygiene.

The Board has set a policy not to involve human rights violations. The Company adheres to human rights management based on the human dignity principle. The Company will not issue any rules and regulations discriminate against people of different nationalities, religions, or ethnic backgrounds, and not violate the rights of children and women. Moreover, the Company has disclosed its regulations and business group structure on the company's website.

5. Board Responsibilities

Leadership and vision

The Board of Directors consists of directors who have adequate education, capability and experience to provide benefit to the Company. The Board of Directors participates in developing the vision, strategy, goals and plans of the Company. The Board of Directors monitors the members of management by:

- The Board of Directors will determine the Company's vision, strategy, goals and business plans. The Board has reviewed and approved the said matter in the fiscal year 2023.
- Explicitly segregating duties between each committee and management.
- Establishing an Audit and Risk Management Committee composed solely of independent directors and outside directors to oversee the Company's financial reports and internal controls.
- Setting a Compliance and Internal Audit report directly to the Audit Committee.
- Setting up an authorization level appropriate for internal control and risk management.

The Board of Directors has the power to oversee:

- The Company's Management acts in accordance with its objectives, the Articles of Association, resolutions of Shareholders' Meeting as prescribed in Public Company Act, B.E. 2535.
- Business goals and policies
- Any transaction or any act which may have material effect on the financial position, obligation on liabilities, and reputation of the Company, e.g. borrowing money from financial institution.
- Any connected transaction between the Company, its subsidiaries, or affiliated companies and connected persons that does not require approval from a Shareholders' Meeting.
- Internal control systems and efficient internal audit procedures.
- Financial and other information reporting to shareholders and other concerned parties.
- Nominate and define scope of duties and responsibility of Sub-Committees.
- Nominate and change authorized signatories who can bind the Company.
- The policies, business strategies, business plan, and annual budget for the Company.
- Results of the work and business performance of the Company quarterly and annually.
- Any contract that is not the normal business of the Company, or any material contract of a normal business nature.
- The principles of good corporate governance.
- Amend or change the scope of authorities and responsibility of the Board as mentioned above.

Board Diversity

The structure of the board shall consist of directors with various qualifications, skills, experience, gender, expertise that are useful to the Company, and have qualifications that are consistent with the business strategy and at least one non-executive director must have prior working experience in the securities business.

The Appointment of Audit Committee

To be as transparent as possible, the Company has appointed a specific committee, the Audit Committee, to oversee financial reporting, the internal control system and corporate governance to comply with the Company's policy, nominate a person, who is independent, to be in charge as an auditor of the Company, as well as to consider dismissal of the auditor and propose a remuneration of the auditor to the Board of Directors of the Company. The Audit and Risk Management Committee receives information directly from the Compliance and Internal Audit Department. Meetings are held at least once every three months or on any urgent occasion.

Committees

Various committees have been established, such as:

Investment Committee

Audit Committee

Nominating and Compensation Committee

Corporate Governance Committee

Risk Management Committee

These assist the Board of Directors in overseeing necessary details and matters in compliance with the policies and framework's imposed by the Board of Directors. The composition of Audit Committee, Risk Management Committee and Nominating and Compensation Committee is composed of independent directors in order to maintain independence and transparency.

Control system and internal audit

In relation to legal and operational controls

The Company applies internal control and audit systems throughout the organization by discriminately reviewing each department's revenue from operations and control departments. The Company has documented the scope of responsibilities for each function comprising operation, audit and authorization to ensure a proper check and balance system and calls for regular financial reports to relevant management. The Company has also added a Group General Counsel division which helps oversee the operations of the company and give advice to subsidiary companies as well as having a duty to consider the laws and regulations of the Company and subsidiary companies to ensure that the Company and subsidiary companies operate in accordance with the Company's internal policy as well as in accordance with the specified laws and regulations. This includes but is not limited to securities and exchange laws, Anti-Money Laundering Laws, digital asset laws, etc. The Group General Counsel is also responsible for the preparation and review of contracts between the Company/subsidiary companies and business partners and contacting various government agencies such as the Securities and Exchange Commission, Anti-Money Laundering Office, and the Bank of Thailand, etc.

In relation to internal control

The Company has an internal audit and control department, which reports directly to the audit committee. Its responsibility is to ensure that the main operations and important financial activities of the Company are carried out according to established guidelines and are efficient, including compliance with relevant laws and regulations related to the company and the Anti-Money Laundering Act.

In order to have independent management, the Company's Board of Directors assigned the Compliance and Internal Audit Department as the secretary of Audit Committee. In addition, the Compliance and Internal Audit Department hold meetings to report its findings directly to the Audit Committee without the participation of management.

In relation to risk management

The Company has appointed Risk Management Committee (RMC) for the purpose of establishing an Enterprise Risk Management Policy that covers the risks of the Company and its subsidiaries. RMC will ensure that the Company meets international standards and acts efficiently and appropriately in accordance with good corporate governance under relevant regulations as well as maintain an acceptable level of risk. RMC has also assigned Risk Management Department to be responsible for developing and maintaining a practical and effective risk management system which includes identifying, measuring, assessing, monitoring, and reporting risk to the committee regularly. There will also be annual revisions on the policies, procedures, and measures regarding risk management.

IT Governance and Security Policy

The Company recognizes the importance of IT governance and security of IT system, the Company has determined guidelines for departments, employees and those hired to work for the Company and strictly comply with the operating regulations regarding the use of personal computers and computer programs. The above regulations were approved by the Board of Directors Meeting No. 9/2022 on 23rd December 2022.

Main Issue

- To set up the IT Risk Management Policy, IT Human Resource Security, IT Asset Management, Data Security, Physical and Environmental Security and Access Control.
- To inform the employee obligations to the provisions and penalties under the Computer-related Crime Act.
- To emphasize the Cyber Security awareness.
- To emphasize the Personal Data Protection awareness.

In 2023, the Company has appropriately allocated its budget and IT resources and found that no department or employee has violated the IT Governance and Security Policy.

The Board of Directors is committed to conducting its business in compliance with the good corporate governance principles and quidelines set by the Stock Exchange of Thailand (SET). The Company is determined to apply good corporate governance as its guiding principle in conducting business for the efficiency of its management and sustainable business development. The Company have been implementing the Principle of Good Corporate Governance and published a handbook for all directors and staff to ensure that all policies are strictly adhered too. The essentials of the Company's corporate governance practices are as follows:

The Principles of Corporate Governance of the Company

Philosophy of Work of the Company

The Company relies on 4 principles of Good Corporate Governance, namely: Responsibility & Accountability, Honesty & Integrity, Transparency, and Creation of long-term value to all persons sharing in joint-benefits (stakeholders). To achieve Good Corporate Governance, 3 necessary factors must exist - Professionalism, Good Internal Control Systems, Transparency and Fiduciary Duties towards all stakeholders, which includes Shareholders, Customers and Employees

2. Policies Concerning the Board of Directors

The members of the Board of Directors shall strictly comply with the codes of conduct of a director in compliance with all laws, for the benefits of all stakeholders and with honesty and with no interest in the business either directly or indirectly causing a conflict of interest.

3. Structure of Board of Directors

The Board of Directors comprises of Executive and Non-Executive Directors, appropriately appointed and balanced, to appointed sub-committees to take charge of particular matters in supervising defined roles, for example,

- Investment Committee
- Audit Committee
- Risk Management Committee
- Corporate Governance Committee
- Nominating and Compensation Committee

The Nominating and Compensation Committee shall be responsible for nominating qualified persons from various fields to become a director replacing retired directors by rotation or for any other reason, and propose to the Board of Directors and/or the Meeting of the Shareholders, for resolution of such appointment. At every annual general meeting, at least one-third of the directors shall retire, and a retiring director is eligible for re-election. The term of a sub-committee shall be in compliance with the office term of the director of the Company and the specific duties and responsibilities of the said sub-committee.

The Company gives appropriate remuneration to the Board of Directors of the Company comparable to industry standards. Information on remuneration is clearly disclosed in the annual report.

4. Duties and responsibilities of the Board of Directors

The Board of Directors has the duty to determine the vision, mission and business policies of the company to comply with its corporate governance principles and practices in accordance with the guidelines of the SET, BOT and SEC by the appointment of a suitable person to the Management who can carry out his work independently from any shareholder and has the skills in business management and administration.

The Board of Director manages conflict of interest with care, fairness and transparency with the full disclosure of information. In the case where any director has an interest in the matter, such director shall not attend the meeting or cast a vote on that matter.

The Board of Directors has set up an independent Compliance and Internal Audit Department. The Audit Committee is also entrusted to evaluate the efficiency of the internal control systems and reporting regularly to the Board of Directors.

The Board of Directors is aware of its duty to ensure that all shareholders, both major and minor, in accordance with their rights and equitability, receive correct, complete, transparent information and news.

Performance of the Board of Directors

The Board of Directors shall convene at least 4 times a year. The consideration of agenda shall rely on the fair treatment of all shareholders and interested persons. Sub-committees shall be obliged to hold meetings as per the duty entrusted to them.

At a meeting of the Board of Directors, at least one half of the total number of directors present shall form a quorum.

In 2023, all directors attended at least two-thirds of total number of board meetings held during the year. The Company has a policy that each director should attend at least 75%.

The Board of Directors shall report the operational results together with a report of the auditors and the Audit & Risk Management Committee in the annual report and shall prepare the disclosure of information under the relevant laws and regulations.

The Board of Directors shall hold a Shareholders' Meeting, the Annual General Meeting, within 4 months after the year end. The Board of Directors may at any time call an Extraordinary Meeting of Shareholders. The Company shall deliver the notice to shareholders and agenda of all meetings with the clear opinion of the Board of Directors in each agenda at least 14 days prior to the date of the Meeting.

The Company has appointed a Company Secretary who is educated and trained in company secretarial practices as shown in "DIRECTORS AND MANAGEMENT PROFILES"

5. Duties and Responsibilities of the Management

The Executive Management shall have responsibilities assigned to them by the Board of Directors with the aim to be the most efficient in conducting their duties with honesty and in compliance with the vision, mission and corporate value as determined by the Board of Directors, and shall report the operational results regularly to the Board of Directors.

6. Policy on Conflict of Interest

The Company provides a Compliance Manual which specifies the Company's rules. Executives and Employees must sign their acknowledgement of these rules and strictly follow them for the transparent and fair treatment of the related persons in every group, such as:

The Board of Directors has appropriately considered a conflict of interest or related transaction as well as has disclosed information to the public on the related transaction which is likely to have a conflict of interest.

The Company has a policy to supervise the use of inside information of every department and regulate the trading of securities by directors and employees.

7. Policy on Internal Control and Risk Management System

The Company has a policy to provide an internal control system that is efficient enough for the acceptable risk level by determining the measures and internal control procedures in line with the work environment and encourage a balance between the flexibility in performing work and the sufficiency of efficient internal control as well as uphold the Risk Management Policy as directed by The Board of Directors. Executives and employees are responsible for assessing, monitoring, and promoting the efficient risk management system and structure.

8. Policy on Accounting and Financial Transactions

The Company provides accounting and financial reports that are correct, timely and accountable. They shall be complete documents, which make available for distribution appropriate and timely information. The accounting and financial reports are prepared based on appropriate and consistent accounting policies, and in line with generally accepted accounting principles, including the sufficient disclosure of significant information.

9. Policy on the Trading of Securities

The Board of Directors and Executive Management shall have the duty to report their securities holding in compliance with the rules and regulations of the Securities Exchange of Thailand and the Securities and Exchange Commission. The Company also prohibits relevant persons who have known or may know any inside information from trading in related shares if the relevant information has not been disclosed to the public, including prohibiting the directors, Management Department and employees who are participating in the preparation, or having known the significant internal information, from selling or purchasing of the Company shares at certain times. Any individuals found violating the restrictions shall be subjected to disciplinary action and/or the law, as the case may be.

10. Policy on privacy

In order to protect personal data in accordance with the guidelines of The Personal Data Protection Act B.E. 2562 and prevent personal data owners from being infringed on such personal data rights. The Company provides a privacy policy for use as a guideline for the management of personal data protection as well as creating awareness and understanding among personnel in the organization to support changes in various fields and contribute to the sustainability of the company's business operations, and companies in the group

11. Policy on the Social Responsibility

The Company has a social responsibility and contributes to social development by allocating certain amounts of its annual budget to support social activities such as Education, Public Benefits, or relief works for victims of natural disasters.

Code of ethics

The Company has set up a business ethics policy and/or code of ethics which requires the Company's directors must strictly abide by the business ethics and/or ethics handbook, and the Company has guidelines for supporting such practices, such as encouraging the directors' disclosure of directorship in other companies, disclosure of actions that may cause conflicts of interest, etc. The Company supports the practice of business ethics and/or the code of ethics to the management and employees of the Company and will provide a follow-up on such matters as well.

The Board of Directors self-evaluated the performance at least once a year for the committee to jointly consider the work and problems for further improvement by establishing a baseline to benchmark against actual performance that meets the criteria.

The Board of Directors performs their duties in accordance with the law, the Company's objectives and Articles of Association, as well as by resolutions of the shareholders' meetings. The code of ethics is stated in the compliance manual provided to management and employees for acknowledgement and agreement to practice at the time they join the Company. The penalty for failing to comply with the code of ethics is also specified in the manual.

Significant change and developments in policies, pracitices and corporate governance systems in the past year

The Company and its Board of Directors realizes the importance of Good Corporate Governance is committed to conducting all its business in compliance with the good corporate governance principles and guidelines set by the Stock Exchange of Thailand (SET).

Currently, the Company has developed operational procedures in many parts, such as increasing channels for proposing opinions of minority shareholders before the shareholders' meeting, including dissemination of information about the shareholders' meeting faster after the meeting in order to have better standards and in accordance with the guidelines for assessment of good corporate governance of the World Bank for Economic Cooperation and Development (OECD).

In 2023, the Company received a "Excellent" score from the Corporate Governance Survey 2023 organized by the Thai Institute of Directors Association (IOD). The Company also received an "Excellent" score in the AGM 2023 assessment program, assessed by the Thai Investors Association.

For the part that has not been implemented, the Company will use it as a guideline for further adjustment to be suitable for the Company.

8. Report on Key Operating Results Related

to Corporate Governance

Performance of the Board of Directors in the past year

At present, the Company is aware of the effectiveness of the Board of Directors' duties. The Company prepared a schedule of the board meetings and relevant agenda in advance each year for each director to plan their attendance. The Board of Directors will receive documents for the meeting at least 5 working days in advance. In the previous year, Non-executive directors have a meeting among themselves without the management.

For the performance of directors during the past period, the Company's Board of Directors work well in which the directors have a proportion of attendance at the Board of Directors meeting of not less than 75% of the entire meeting. The Company consider a minimum quorum while the directors vote at the meeting that there should be at least two-thirds of the total number of directors.

The Company considers the guidelines to be following the criteria by determining that each director will hold no more than 5 boards of listed companies so that the directors can perform their duties efficiently, unless the Board of Directors has considered each case individually, as well as to consider guidelines for the position of independent directors clearly in the corporate governance policy of the Company that the term should be no more than 9 years.

Director selection, training and assessment

1. Independent Director

Selection of Independent Director

In the selection of an independent director, the Nominating Committee shall use the same criteria as in the selection of other directors, but the independent director's qualifications shall not conflict with the below definition.

Definition of Independent Director of the Company

The definition of the Company's Independent Directors is equal to the minimum regulations of the SEC and SET as follows:

- 1. Holding not more than 1% of the shares with voting rights of the company, subsidiary company, associated company or any juristic person with possible conflicts of interest, which shall be inclusive of the shares held by related persons.
- 2. Being a director who does not take part in the management of the company, subsidiary company, associated company or any juristic person with possible conflicts of interest. (Present and the past 2 years before appointed)

Not being an employee, staff member or advisor who receives a regular salary from the company, subsidiary company, associated company or any juristic person with possible conflicts of interest. (Present and the past 2 years before appointed)

- 3. Not being a relative or by a legal register, as a father, mother, spouse, brother, sister or child including the spouse of such child, with director, executive, major shareholder, controlling person of the company or the person who is going to be proposed as the executive or the controller of the company or subsidiary company.
- 4. Business relationship with the company
 - (a) Characters of Relationship
 - Relationship relating to professional service.
 - Scope auditor, other professional service providers, e.g. legal advisor, financial advisor, appraiser and etc.
 - Material criteria which deem non-independent
 - Auditor not allowed in all cases.
 - Other advisors not allowed for case(s) with value of transactions > 2 million Baht per year.
 - Business relationship (applied similarly with the specifications relating to related party transaction of the SET)
 - Scope cover normal business transaction, rental or lease of immovable property transaction, asset or service transaction, and financial assistance transaction.
 - Value of transactions which deem non-independent exceeding 20 million Baht or 3% of Net Tangible Assets, whichever is lower (including value of the transactions occurred within 6 months prior to the execution of such transactions).
 - (b) Regarding the scope above, the persons deemed non-independent are major shareholder, director (except for independent director/audit director) and executive or partner of the company.
 - (c) The period for which the relationship according to (a) and (b) should not be occurred-present and the past 2 years before appointed
 - (d) Exception for existing independent director, any case deemed to be necessary and appropriate and not be a regular case, the board of directors with unanimous resolution may exempt the transaction which exceeds the above value. In such case, the company will disclose such transaction in its registration statement, Form 56-1 and annual report, Form 56-2. If an independent director is to be re-appointed for another term, such relationship must also be disclosed in the notice of meetings.
- 5. Being a director who is not appointed as a representative to safeguard interests of the company's directors, majority shareholders or shareholders who are related to the company's majority shareholders.
- 6. Being capable of performing duties, giving opinions with independence.

7. An independent director who satisfies qualification specified in 1 to 6 above may be empowered by the board to make decision for company, subsidiary company, associated company or juristic person with possible conflicts of interest in normal business operation provided that the decision process is in form of collective decision.

Director Selection 2

Nominated potential directors shall be considered by the Nominating Committee. The Nominating Committee shall evaluate the suitability of each candidate based on the criteria and suitable qualifications that the committee has set up and shall propose the said person to a meeting of the Board of Directors and/or shareholders for consideration in accordance with the Company's Articles of Association.

Director qualifications as specified by the principles of the Company's Corporate Governance and the law The Company's director must have the full qualifications and must not have any prohibited characteristics for being a member of a Board as specified by the law.

The Board of Directors shall strictly comply with the codes of conduct of directors in compliance with the law for the benefits of the stakeholders with honesty and with no interest in the business either directly or indirectly, as well as prevent conflict of interest.

At least half of the directors shall be residents of the Kingdom of Thailand.

The Criteria and procedure to elect directors at the shareholders meeting in accordance with the Company's Articles of Association shall be as follows:

- a) Each shareholder shall have one vote for each share held;
- Each shareholder shall exercise all votes applicable under (a) in voting for one or more persons to be b) a director provided that a vote shall not be divisible;
- Candidates who have the most votes shall be elected to the Board of Directors according to the C) number of directors required; in case votes for two or more candidates are equal, the Chairman shall have the deciding vote.

Therefore, all shareholders have the right to select a director by attending shareholders' meetings and voting in accordance with the Company's Articles of Association.

The Company realizes the importance of Good Corporate Governance and realizes that the growth and success of the Company are derived from the support of all groups of stakeholders. The Company ensures that all shareholders are treated equally concerning the rights and benefits they deserve. Shareholders can propose additional agenda items and nominate candidates for Company director through the Company's website before the AGM.

The Company has the non-listed subsidiary companies, namely XSpring Asset management Co., Ltd., XSpring AMC Asset Management Co., Ltd., XSpring Digital Co., Ltd., XSpring Advance Solutions Co., Ltd. (formerly named XSpring Alliance Co., Ltd.), XSpring Alliance 1 Co., Ltd., XSpring Alliance 2 Co., Ltd., XSpring Alliance 3 Co., Ltd. and PK Land Holding Co., Ltd. which the Company sent its directors or representatives joining as a director of the companies.

In case of holding a director position at another company by the President of the Company, the Company has set a policy that can do if not against the law announced by the regulatory organization, including not causing conflicts of interest with the Company, and not cause a decrease in operational efficiency.

Director Training

The Company has a Directors' handbook for new directors to introduce the Company's business, services, structure, and management team.

Directors will continuously receive information by attending seminars arranged by organizations such as the IOD, SET and SEC in order to remain up to date and keep abreast with new business development, including those relating to the prevention of use of inside information and conflict of interest. The Company shall encourage and facilitate training for directors regularly.

In 2023, the directors attended the training course and seminars as follows;

Director's Name	Course	Institution Name
Mr. Rathian Srimongkol	- Orchestrating Winning Performance (OWP)	Lausanne
Dr. Pairoj Boonkongchuen	- Advanced Audit Committee Program (Class 48/2023)	IOD
	- The Rule of Law for Democracy Class 9	College of
		Constitutional Court,
		The Constitutional
		Court of Thailand
Mr. Kittichai Raktakanit	- Advanced Audit Committee Program (Class 49/2023)	IOD

	- Guidelines for improving the promotional criteria for	SEC
	digital asset business operators and ICO portal	
	- BOT Digital Finance Conference 2023	BOT

Annual Board Assessment

In order to comply with the principles of good corporate governance, the Board of Directors of the Company, by the proposal of the Corporate Governance Committee, organized a self-assessment at least once a year for the committee to jointly consider the work and improve it. The above evaluation form has comprehensive evaluation topics of structure and characteristics of the board, roles and responsibilities of the board, board meetings, the board's performance of duties, relationship with management and self-development of directors and executive development. In the assessment process, each committee member must complete the self-assessment form and then take the evaluation form of each director to find the average and summarize the evaluation results for each topic which has the evaluation criteria as follows:

3.60 - 4.00	=	Strongly agree or there has been complete implementation of the matter
3.20 - 3.59	=	Mostly agree or there has been progressive implementation of the matter
2.80 - 3.19	=	Agree to a limited extent or there has been initial implementation of the matter
0.00 - 2.79	=	Strongly disagree or there has been no implementation of the matter

As for the assessment results of all directors in the year 2023, it appears that all of the above topics are in a highest level, "Strongly agree or there has been complete implementation of the matter".

Holding a director or executive position in an associated company or a subsidiary as a representative of the Company, the Company will consider the appropriate qualifications and no prohibiting characteristics as specified by law. In case the appointment of an independent director or Audit Committee member or any sub-committee member, the Company will consider in accordance with the law as well.

The Company determines the powers and duties of directors and management who are legally authorized to act on behalf of the Company, its subsidiary or associated companies, in controlling or participating in any important policy relating to the business operations. The company will comply with the effective internal control system by determining operating procedures, delegation of approvals to prevent the directors or the management engaging in any act which may cause damage to any subsidiary and associated companies.

The Company has the mechanisms for controlling subsidiary and associated companies regarding the disclose of their financial position and results of operations, Disclosure of information and other acts of listed companies concerning connected transactions, Disclosure of information and other acts of listed companies concerning the acquisition and disposition of assets, or any important transactions, is consistent with the criteria of the Company. Some subsidiary and associated companies are securities companies. They have duty to disclose information as specified by law and the Company, subsidiary and associated companies have the staff to coordinate disclosure. Furthermore, Each Company has an Audit and Risk Management Committee or independent compliance officer to supervise or give opinions in order to comply with relevant laws. The person who is appointed to be a director of a subsidiary and/or associated companies has a duty to operate transparently the business for the best interest of these companies.

The Company has determined suitable internal control systems for subsidiaries companies or associated company and other mechanisms to supervise such companies such as

- 1. In Shareholder meetings, the Company on behalf of the major shareholders has the right to vote on important agenda items such as increase or reductions of capital, Dissolution of subsidiary company etc.
- 2. In management terms, the Company determines the representative who is assigned as the director or the management of subsidiaries companies and who has the duty to report the results of operations including any problems, ensuring the Board of Directors' meets at least every quarter or in the case of emergency. The Company will have a meeting for acknowledgement and approval or rectification of any problems.

In 2023, the Board of directors had the role to supervise the operations of the Company in accordance with all laws and regulations. The Company did not fail to comply with the law.

Monitoring to ensure compliance with corporate governance policy and practice

Conflict of interest

The Company guards against conflicts of interest, as follows:

- Determines prices and conditions equivalent to the fair value applied to other parties.
- Complies with SET, BOT and SEC regulations.
- Discloses connected transactions in its Financial Statements, Annual Reports (in the Audit and Risk management committee report) and Forms for Annual Information for shareholders.
- Implements written compliance policies to ensure that management or related parties do not benefit from inside information which are regulated by the Compliance and Internal Audit functions.

Supervision on using inside information

The Company has formulated policies and measures as specified in its Compliance Manual, as well as other Company procedures and other relevant rules to prevent the Company, its management and employees from using inside information arising from their duties for their own interests.

The various preventive policies and measures relating to inside information are as follows:

- In reference to the Company's organization, each department is clearly divided according to its particular 1. function. A secure entry system is used by all departments dealing with important and confidential information.
- 2. Rules preventing conflicts of interest specify that employees shall perform their tasks in accordance with the Company's code and standard practices so as to avoid a probable conflict of interest, which can be monitored, as follows:
 - 2.1 In reference to Prohibited Trading in the Company's Securities regulation, Directors, Executive Management and Related Officers are prohibited from buying/selling securities of the Company using inside information arising from their duties which may significantly affect the price of the Company's securities from the end of an accounting period until the day after the announcement of financial statements to the public Also, they must report changes in securities holding during Company Board meetings or disclose and certify that there is no conflict of interest when they consider transactions.

- 2.2 The supervision of disclosure of conflicts of interest of the Company and its management will require stakeholders to disclose their information completely and accurately.
- 2.3 Management and all officers of the Company and its subsidiaries are prohibited from subscribing to securities in which the associated company is the underwriter during the specified underwriting period.
- 3. A Watch List, Restricted List and Research List shall be prepared as a tool to review compliance among employees, the management, or the investment committee who are in possession of inside information arising from their duties. Before such information is disclosed to the public, these persons are not allowed to trade securities on the predetermined lists for a certain period, either for themselves, for others, or on behalf of the Company.

In May 2009, the Company transferred its securities and derivative businesses, including its assets and key staff to Krungthai XSpring (former "Krungthai Zmico") according to the plan to develop the securities business between the Company and Krungthai Bank Plc. The company re-organized its organizational structure according to the new structure in order to have proper and efficient business management. As a result, the Good Corporate Governance, Internal control and the Measurement of the prevention of the use of inside information were adjusted accordingly. Under the new structure, the company has continuously maintained its major principals of good corporate governance.

Anti-corruption

In 2013, the Company instituted a practices on anti-corruption across the entire organization from the Board level down. It is prohibited to offer or receive any benefit in exchange for doing, or avoiding from doing, one's duties or undertaking any unethical conduct aimed at gaining personal benefit, or for entering into inappropriate business activities.

The Company has a process for assessing the risk of corruption with the involvement of personnel of each department to obtain various information and opinions, monitoring and evaluation of compliance with the anti-corruption practices consistently. The auditor or the internal auditor independently review the results of the evaluation to the Audit Committee and report to the Board of Directors, respectively. The Company has trained and rehearsed with the employees to provide knowledge about the Company's anti-corruption practices.

The Company has supervised to prevent and monitor the risk of corruption, and inform Company's personnel and outsiders and provide training in all communication channels. The Company has set regulation guidelines, penalties, and channels for receiving complaints in case of fraud.

The Company has guidelines for monitoring and evaluating the implementation of the anti-corruption practices, with the Internal Audit Department examining the internal control system, risk management, and corporate governance. The Internal Audit Department will report significant audit results along with recommendations to the Audit Committee. The Company will review the operational results to ensure that the measures designed and sufficiently effective.

Procedures for the continuing appropriate training of directors, managers and employees so that they clearly understand the Company's program, know the Company's expectations and the sanctions procedure in the event of a violation are in place.

Employees are trained both internally and externally and are provided with secure and accessible channels through which they are able to raise concerns and report violations ("whistle blowing") in confidence. Employees are encouraged to seek guidance or discuss issues about this program.

Whistleblowing

The Company has a process for dealing with complaints that employees may be wrongdoing by allowing employees to consult or report the incident directly to the Compliance and Internal Audit Department in the case that employees see or suspect any action that may be a violation of the operating rules or practices that may be unlawful. The Compliance and Internal Audit Department will conduct an investigation to summarize the said incident and report it to the management and/or the Board of Directors to consider amending or taking legal action for such offenses.

The Company has guidelines for preventing employees or whistleblowers by keeping the information of the complainant confidential. This will be known only to the assigned group, in order to build confidence for the complainants.

Report on the performance of the Audit Committee in the past year

Audit Committee

	Name	Position	Meeting Attended in 2023
1.	Dr. Pairoj Boonkongchuen	Chairman	4/4
2.	Mr. Kittichai Raktakanit	Director	4/4
3.	Mr. Arthit Suriyabhivadh*	Director	3/3

9. Internal Control

and Related Party Transactions

For 2023, the Audit Committee held 4 meetings with the management, in which 4 meetings were convened with the Chief Accountant the head of Accounting and Finance department, the head of Internal Audit department, and the Company's external auditor including concerning management officers to review the annual financial statements for 2023 and the disclosure of financial reports and notes to the financial reports and the adequacy of the Company's internal control system and the rest is for consideration of Compliance and Internal Audit's Plan 2022 for XPG Group and audit reports of various companies in the group, including progress in the preparation and review of various policies and regulations.

Based upon the information provided to us, the Audit Committee is of the opinion that the internal audit function and control system are satisfactory. We are unaware that significant laws and regulations have not been complied with in all material respects.

The Board of Directors is of the opinion that there is sufficiency and satisfaction in internal control system which could obtained reasonable assurance that the separate and consolidated financial statement of the company included the financial information stated in Annual Report for the year ended December 31, 2023 had presented fairly in all material respect, the financial position of the Company and its subsidiary.

Mr. Chalit Chulajaruwong has been appointed as the Head of Compliance and Internal Audit Unit since December 7, 2018. The Board of Directors had a resolution to approve Mr. Chalit Chulajaruwong as the secretary of the Audit and Risk Management Committee on February 22, 2019 proposed by the Audit and Risk Management Committee. The Audit and Risk Management Committee has considered and selected qualified persons correctly and carefully. The Audit and Risk Management Committee resolved and ensured that such persons had knowledge, ability, and work experience suitable for holding such positions. Details about the Head of Internal Audit Unit and the Head of Compliance Department of the Company are in attachment 3. Subsequently, the company restructured the organization by separating Compliance and Internal audit Issued as an Internal audit and legal and Compliance. Therefore, Mr. Supacharn Jaranakaran has been appointed as the head of Internal Audit unit.

However, appointment, removal, and transfer of the Head of Internal Audit Unit and the Head of Compliance Department of the Company must be approved by the Audit Committee.

The groups of related parties are disclosed in the "Related Parties and Connected Transactions" table above.

Independent Auditor's Report

To the Shareholders of XSpring Capital Public Company Limited

Opinion

I have audited the accompanying consolidated financial statements of XSpring Capital Public Company Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 31 December 2023, and the related consolidated statements of comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies, and have also audited the separate financial statements of XSpring Capital Public Company Limited for the same period.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of XSpring Capital Public Company Limited and its subsidiaries and of XSpring Capital Public Company Limited as at 31 December 2023, their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Group in accordance with the Code of Ethics for Professional Accountants including Independence Standards issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that are relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the financial statements of the current year. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

I have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report, including in relation to these matters. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matters below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

Key audit matters and how audit procedures respond to each matter are described below.

Investments in associated companies

As discussed in Note 12 to the financial statements, as at 31 December 2023, the Group has investments in associated companies under the equity method in the consolidated financial statements amounting to Baht 1,663 million (accounting for 15 percent of total assets) and investments in associated companies under the cost method in the separate financial statements of Baht 1,489 million (accounting for 13 percent of total assets), which are considered substantially significant amounts in the financial statements. The Group's management is to determine the impairment indicators of investments and estimate the allowance for impairment for those investments requiring the management to exercise significant judgement to determine key assumptions with respect to the estimation of the allowance for impairment. Because of the materiality and the extent of judgement and estimates, I addressed the measurement of the investments in associated companies as a key audit matter.

I gained an understanding of and assessed the financial information compilation process and related internal control procedures, verified the calculation and recorded a share of profit from the investments in associated companies and collaboratively performed the audit with the associated companies' auditors in accordance with Thai Standard on Auditing. I gained an understanding of and assessed the identification of cash generating units and the financial models selected by the Group's management. In addition, I reviewed the significant assumptions applied by the management in preparing the estimation through comparison of those assumptions with information obtained from both internal and external sources and tested the calculation of the realisable values of the assets.

Other Information

Management is responsible for the other information. The other information comprise the information included in annual report of the Group but does not include the financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or my knowledge obtained in the audit or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion.
 The risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, .

including the disclosures, and whether the financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities

or business activities within the Group to express an opinion on the consolidated financial

statements. I am responsible for the direction, supervision and performance of the group

audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned

scope and timing of the audit and significant audit findings, including any significant deficiencies in

internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant

ethical requirements regarding independence, and to communicate with them all relationships and

other matters that may reasonably be thought to bear on my independence, and where

applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters

that were of most significance in the audit of the financial statements of the current year and are

therefore the key audit matters. I describe these matters in my auditor's report unless law or

regulation precludes public disclosure about the matter or when, in extremely rare circumstances,

I determine that a matter should not be communicated in my report because the adverse

consequences of doing so would reasonably be expected to outweigh the public interest benefits

of such communication.

I am responsible for the audit resulting in this independent auditor's report.

1. General information

XSpring Capital Public Company Limited ("the Company") is a public limited company incorporated and domiciled in Thailand. The Company converted the status to be a Public Limited Company in accordance with the Public Limited Companies Act on 8 August 1994 and was listed on the Stock Exchange of Thailand ("SET") on 17 March 1995. The address of its registered office is located at 59 Siri Campus, Building D, 2nd Floor, Soi Rim Khlong Phra Khanong, Phra Khanong Nuea, Vadhana, Bangkok.

The Company is mainly engaged in investment holding in other businesses that have potential. The Company has subsidiaries which are registered limited companies and operate their businesses in Thailand. The subsidiaries' businesses include fund management business, non-performing assets management business, digital asset business and investment holding business.

The Company has subsidiaries which are registered limited companies under Thai laws and operate their business in Thailand as follows.

- XSpring Asset Management Company Limited has been granted permission to manage mutual fund, private fund, provident fund, REIT manager and limited broker, dealer and underwriter.
- 2. XSpring AMC Asset Management Company Limited which its main objective is to carry out the business of purchasing or taking transfer of and managing non-performing assets of financial institutions, or assets of financial institutions whose operations were suspended, terminated or whose licenses to operate commercial banks, finance business or credit foncier business were revoked, and related collateral for the purpose of asset management, development and disposals.
- 3. XSpring Digital Company Limited which its main objective is to conduct digital asset business as an ICO portal, broker and dealer business of cryptocurrency and token digital.
- 4. XSpring Advance Solutions Company (formerly known as "XSpring Alliance Company Limited") Limited which its main objective is to provide services and serve as consultant.
- 5. PK Land Holding Company Limited which its main objective is to invest in real estate business.

- 6. XSpring Alliance 1 Company Limited which its main objective is investment.
- 7. XSpring Alliance 2 Company Limited which its main objective is investment.
- 8. XSpring Alliance 3 Company Limited which its main objective is investment.

2. Basis for the preparation and presentation of financial statements

- 2.1 The Company maintains its accounting records in Thai Baht and prepares its statutory financial statements in the Thai language in conformity with Thai Financial Reporting Standards and accounting practices generally accepted in Thailand.
- 2.2 The Group's financial statements have been prepared in accordance with Thai Financial Reporting Standards enunciated under the Accounting Professions Act B.E. 2547 and the Regulation of The Stock Exchange of Thailand (SET) dated 2 October 2017, regarding the preparation and submission of financial statements and reports for the financial position and results of operations of the listed companies B.E. 2560 and the Notification of the Department of Business Development regarding "The Brief Particulars in the Financial Statement (No.3) B.E. 2562" dated 26 December 2019.

The financial statements in Thai language are the official statutory financial statements of the Company. The financial statements in English language have been translated from the Thai language financial statements. In case of a conflict or a difference in interpretation between the two languages, the Thai language financial statements shall prevail.

2.3 Basis of consolidated financial statements

The consolidated financial statements include the financial statements of XSpring Capital Public Company Limited and the following subsidiaries:

- (b) The Company is deemed to have control over an investee or subsidiaries if it has rights, or is exposed, to variable returns from its involvement with the investee, and it has the ability to direct the activities that affect the amount of its returns.
- (c) Subsidiaries are fully consolidated, being the date on which the Company obtains control, and continue to be consolidated until the date when such control ceases.
- (d) The financial statements of the subsidiaries are prepared using the same accounting period and significant accounting policies as the Company.
- (e) Material balances and transactions between the Group have been eliminated from the consolidated financial statements.

2.4 Separate financial statements

The separate financial statements present investments in subsidiaries and associates under the cost method.

3. New financial reporting standards

3.1 Financial reporting standards that became effective in the current year

During the year, the Group has adopted the revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2023. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Group's financial statements.

3.2 Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2024

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2024. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The management of the Group believes that adoption of these amendments will not have any significant impact on the Group's financial statements.

4. Significant accounting policies

Revenue recognition 4.1

Fees and service income

Fee from digital asset business

ICO portal fee income is recognised when the Company has satisfied its performance obligation in providing the promised service to the customer and recognised based on contractual rate agreed with customers.

Fund management fee income

Management fee is recognised as a performance obligation satisfied over time which is charged at a percentage of the net asset value of the funds, on the basis stipulated in each fund's agreements.

Selling agent fee

Selling agent fee is comprised of commission income from front-end fee and back-end fee which are recognised on completion of the transaction, and retaining fee income which is recognised when service rendered over the period of time.

Gain (loss) on trading in securities

Gain (loss) on trading in securities is recognised as income or expenses on the transaction dates.

Interest income

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying amount of a financial asset, unless the financial assets subsequently become credit-impaired when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

Interest and dividend on investments in securities

Interest on investments is recognised as income on an accrual basis based on the effective interest rate. Dividend on investments is recognised as income when the dividend is declared.

4.2 Expense recognition

Expenses are recognised on an accrual basis.

Interest on borrowing

Interest on borrowing is recognised as an expense on an accrual basis based on the effective interest rate.

4.3 Recognition and amortisation of customer deposits

Money which customers have placed with the Company in cash accounts and credit balance for securities trading is recorded as the assets and liabilities of the Company for internal control purposes. At the end of reporting period, the Company writes these amounts off from both assets and liabilities and presents only assets and liabilities which belong to the Company.

4.4 Cash and cash equivalents

Cash and cash equivalents include cash on hand, current accounts, saving accounts, time deposit with original maturity not more than 3 months and without commitments, call note receivables and term note receivables with original maturity not more than 3 months.

4.5 Trade and other current receivables

Trade receivables, other receivables are stated at their invoice value less allowance for expected credit losses.

The allowance for expected credit losses has disclosed in Note 4.6.

4.6 Financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All recognised financial assets are measured subsequently in their entirely at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and measurement of financial assets

All recognised financial assets that are within the scope of TFRS 9 are required to be measured subsequently at amortised cost or fair value on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets, specifically:

- Debt instruments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at amortised cost.
- Debt instruments that are held within a business model whose objective is both to collect the contractual cash flows and to sell the debt instruments, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at fair value through other comprehensive income (FVTOCI).
- All other debt investments and equity investments are measured subsequently at fair value through profit or loss (FVTPL).
- Despite the foregoing, the Company may take the following irrevocable election/ designation at initial recognition of a financial asset.
- The Group may irrevocably elect to present subsequent changes in fair value of an equity investment that is neither held for trading nor contingent consideration recognised by an acquirer in a business combination in other comprehensive income.
- The Group may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.
- When a debt investment measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. When an equity investment designated as measured at FVTOCI is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is subsequently transferred to retained earnings.

Classification and measurement of financial liabilities

At initial recognition the Group's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Group takes into account any fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in profit or loss.

- 148 Section 3 56-1 One Report 2023

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost and securities business receivables. The amount of expect credit losses is updated at each reporting period date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group recognises allowance for lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Derecognition of financial instruments

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity, or the Group has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

4.7 Investments in subsidiaries and associated companies

Investments in subsidiaries and associated companies are accounted for under the cost method in the separate financial statement net of allowances for impairment (if any).

Investments in associated companies are accounted for under the equity method in the consolidated financial statements.

4.8 Leasehold improvement and equipment and depreciation

Leasehold improvement and equipment are stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any).

Depreciation is recognised in profit or loss calculated by reference to its cost on a straightline basis over the following estimated useful lives:

> Leasehold improvement 5 years Office equipment 3 - 5 years Vehicles 5 years 2 - 6 years Right-of-use assets

Depreciation is included in determining income.

The Group derecognised an item of leasehold improvement and equipment upon disposal or when no future economic benefits are expected from its use or disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount of leasehold improvement and equipment and recognised in profit or loss when the asset is derecognised.

4.9 Intangible assets

Intangible assets with definite useful life are stated at cost less accumulated amortisation and accumulated impairment losses (if any).

Amortisation is recognised in profit or loss on a straight-line basis over its estimated useful life as follow:

> Deferred REIT license fees 5 years Computer software 5 years

Intangible assets with indefinite useful life consist of other deferred license fees which are not amortised but are tested for impairment annually either individually or at the cash-generating unit level and whenever events or changes in circumstances indicate that an intangible asset may be impaired. The assessment of indefinite useful lives of the intangible assets is reviewed annually.

4.10 Assets classified as held for sale

The Group classifies assets as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and the assets are available for immediate sale in its present condition.

Assets held for sale consist of immovable property which is stated at the lower of cost or fair value after deducting cost to sell. Loss on impairment will be recorded as expenses in profit or loss.

Gain or loss on disposals of assets classified as held for sale is recognised in profit or loss at the date of disposal.

4.11 Leases

At inception of contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Group as a lessee

The Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e., the date the underlying asset is available for use), the Group recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

Right-of-use assets

Right-of-use assets are measured at cost less accumulated depreciation, any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, and lease payments made at or before the commencement date of the lease less any lease incentives received.

Depreciation of right-of-use assets are calculated by reference to their costs on the straightline basis over the shorter of their estimated useful lives and the lease term as follow:

Building 6 years
Vehicle 2 - 4 years

If ownership of the leased asset is transferred to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Right-of-use assets are presented as part of leasehold improvement and equipment in the statement of financial position.

Lease liabilities

Lease liabilities are measured at the amount of the lease payments to be made over the lease

The Group discounted the present value of the lease payments by the interest rate implicit in the lease or the Group's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

A lease that has a lease term less than or equal to 12 months from commencement date or a lease of low-value assets is recognised as expenses on a straight-line basis over the lease term.

The Group as a lessor

A lease that transfers substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee is classified as finance leases. As at the commencement date, an asset held under a finance lease is recognised as a receivable at an amount equal to the net investment in the lease or the present value of the lease payments receivable and any unguaranteed residual value. Subsequently, finance income is recognised over the lease term to reflect a constant periodic rate of return on the net investment in the lease.

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to a lessee. Lease receivables from operating leases is recognised as income in profit or loss on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying assets and recognised as an expense over the lease term on the same basis as the lease income.

4.12 Impairment of non-financial assets

At the end of each reporting period, the Group performs impairment reviews in respect of the leasehold improvement and equipment and other intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. The Group also carries out annual impairment reviews in respect of intangible assets with indefinite useful lives. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount.

An impairment loss is recognised in profit or loss.

4.13 Non-current provisions for employee benefit

Provident fund

The Group set up a provident fund which is a defined contribution plan. Assets of the provident fund have been separated from assets of the Group and managed by the fund manager. The fund has been contributed by the employee and also the Group. The contributions for provident fund are recorded as expenses in profit or loss for the year they incur.

Post-employment benefits

The Group operate post-employment benefits plans under the Thai Labor Protection Act and the Group's retirement benefits plan. Such employee benefits are calculated by a professionally qualified independent actuary based on actuarial assumptions at the end of reporting period using Projected Unit Credit Method, which is estimated based on the present value of expected cash flows of benefits to be paid in the future taken into account the actuarial assumptions, including salaries, turnover rate, mortality rate, years of service and other factors. Discount rate used in calculation of the post-employment benefits obligation is referred from the yield curve of government bond.

Actuarial gains and losses arising from defined benefit plans are recognised immediately in other comprehensive income. Expenses related to employee benefits are recognised in profit or loss in order to allocate such costs throughout the service period.

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Group recognises restructuring-related costs.

4.14 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

4.15 Income tax

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

Current tax

Current income tax is the amount of income tax expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

Deferred tax

Deferred income tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profit (tax base).

The Group generally recognise deferred tax liabilities for all taxable temporary differences, and deferred tax assets are generally recognised for temporary differences to the extent that it is probable that taxable profits will be available against which those temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the reporting date. Deferred tax asset shall be reduced to the extent that utilised taxable profits are decreased. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available to allow total or part of the asset to be recovered by the Group. The Group do not recognise deferred tax assets and liabilities for the goodwill.

The Group measure deferred tax assets and liabilities at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the end of the reporting period.

Current tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset the recognised amounts and the Group intend to settle on a net basis or to realise the asset and settle the liability simultaneously and when they relate to income taxes levied by the same taxation authority.

The Group present income tax expenses or income related to profit or loss in the statement of comprehensive income. Current income taxes and deferred taxes related to items recognised directly in other comprehensive income in equity in the same or different period are recognised directly in other comprehensive income.

4.16 Foreign currency translation

Foreign currency transactions are translated into Thai Baht using the exchange rates prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currency at the end of reporting period are translated to Thai Baht at the exchange rate prevailing at the end of reporting period. Gain and loss resulting from the settlement of foreign currency transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are included in determining income.

4.17 Related party transactions

Related parties comprise individuals or enterprises that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company. In addition, the related parties comprise associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company with authority in the planning and direction of the Company's operations and closed members of family of these individuals and companies associated with these individuals also constitute related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

4.18 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categorise of input to be used in fair value measurement as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability such as estimates of future cash flows

At the end of each reporting period, the Group determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

4.19 Digital assets

The Group as a digital assets broker-trader measures digital assets, that acquired with the purpose of selling in the near future, at fair value less costs to sell. Any changes in fair value less costs to sell are recognised in profit or loss in the period of the change.

5. Significant accounting judgements and estimates

The preparation of financial statements in conformity with financial reporting standards at time requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. The significant accounting judgements and estimates are as follows:

5.1 Fair value of financial instruments

In determining the fair value of financial instruments recognised in the statement of financial position that are not actively traded and for which quoted market prices are not readily available, the management exercise judgement, using a variety of valuation techniques and models. The input to these models is taken from observable markets, and includes consideration of credit risk, liquidity, correlation and longer-term volatility of financial instruments. Change in assumptions about these factors could affect the fair value recognised in the statement of financial position and disclosure of fair value hierarchy. Information about valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 34.2.

5.2 Allowance for impairment of non-financial assets

Impairment of investments in subsidiaries and associated companies

Determining whether investments in subsidiaries and associated companies is impaired requires an estimation of the value in use of the cash-generating. The value-in-use calculation requires the Company's management to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value where the actual future cash flows are less than expected, an impairment loss may arise.

Calculation of recoverable amount

In the calculation of recoverable amount, the Group's management estimated the future cash flows discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

5.3 Deferred tax assets

Deferred tax assets are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the temporary differences and losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of estimate future taxable profits.

5.4 Post-employment benefits under defined benefit plans

The obligation under the defined benefit plan is determined based on actuarial technique. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

5.5 Litigation and contingent liabilities

The Group has contingent liabilities as a result of litigation. The Group's management has used judgement to assess of the results of the litigation and believes that no loss will result. Therefore, no contingent liabilities are recorded as at the end of reporting period.

- 174 Section 3 56-1 One Report 2023

Movements of the lease liabilities during the years ended 31 December 2023 and 2022 are summarised below:

(Unit: Baht)

	Consolidated		Separate	
	financial statements		financial statements	
	2023 2022		2023	2022
Balance at beginning of year	68,650,685	17,035,402	67,525,587	9,392,391
Additions	4,782,444	75,275,216	4,753,018	76,142,728
Decrease	-	(13,280,191)	-	(6,531,873)
Accretion of interest	2,606,817	5,096,395	2,365,595	2,507,681
Repayments	(16,275,396)	(15,476,137)	(15,945,660)	(13,985,340)
Balance at end of year	59,764,550	68,650,685	58,698,540	67,525,587

A maturity analysis of lease payments is disclosed in Note 34.2.5 under the liquidity risk.

Expenses relating to leases that are recognised in profit or loss

(Unit: Baht)

	Consolidated		Separate	
	financial statements		financial statements	
	2023	2022	2023	2022
Depreciation expenses of right-of-use				
assets	14,369,847	13,374,363	7,720,814	3,996,014
Interest expenses on lease liabilities	2,606,817	5,096,395	2,365,595	2,507,681
Expenses relating to variable lease				
payments	3,816,947	3,745,972	3,752,747	3,679,372

The Group had total cash outflows for leases for the years ended 31 December 2023 and 2022 of Baht 20 million and Baht 19 million, respectively (the Company only: Baht 20 million and Baht 18 million, respectively), including the cash outflow related to short-term lease, leases of low-value assets and variable lease payments that do not depend on an index or a rate. The future cash outflows relating to leases that have not yet commenced are disclosed in Note 32.

18. Non-current provisions for employee benefits

The Group operates post-employment benefits plans under the Thai Labor Protection Act and the Group's retirement benefits plan, which are considered as unfunded defined benefit plans.

Movements in the present value of the post-employment benefits obligation are as follows:

(Unit: Baht)

	Consolidated financial statements		Separate financial statements	
	2023	2022	2023	2022
Balance at beginning of year	7,547,750	8,097,679	4,900,852	4,722,664
Included in profit or loss:				
Current service cost	4,636,788	3,391,559	1,303,910	1,042,884
Interest cost	200,405	96,588	106,465	86,732
Past service costs and gains or				
losses on settlement	-	(12,022)	-	-
Included in other comprehensive				
income:				
Actuarial gain arising from				
- experience adjustments	-	(2,326,607)	-	(148,858)
- demographic assumption changes	-	(732,159)	-	(583,531)
- financial assumption changes	-	(617,288)	-	(219,039)
Employee benefit paid during the year		(350,000)		
Balance at end of year	12,384,943	7,547,750	6,311,227	4,900,852

The Group has no expectation to pay long-term employee benefits during the next year (2022: Baht 1.4 million) (the Company only: (2022: Baht 1.4 million)).

As at 31 December 2023, the weighted average duration of the liabilities for long-term employee benefit is 22 - 28 years (2022: 23 - 29 years) (the Company only: 22 years (2022: 23 years)).

Significant actuarial assumptions are summarised below:

(Unit: Percent per annum)

	Consolidated financial statements		Separate financial statements	
	2023	2022	2023	2022
Discount rate	2.30 - 4.21	2.30 - 4.21	2.30	2.30
Employee turnover rate	0.00 - 26.00	0.00 - 26.00	0.00 - 21.00	0.00 - 21.00
(Subject to range of age of employee)				
Expected rate of salary increase	5.00	5.00	5.00	5.00

- 176 Section 3 56-1 One Report 2023

The sensitivity analysis of changes in significant assumptions on the present value of long-term employee benefits below have been determined based on reasonably possible changes of the respective assumptions occurring at 31 December 2023 and 2022, while holding all other assumptions constant.

(Unit: Baht)

	Consolidated financial statements		Separate financial statements	
	2023	2022	2023	2022
Discount rate - 1% increase	(920,800)	(503,262)	(262,351)	(201,559)
Discount rate - 1% decrease	1,081,777	583,701	294,112	221,357
Turnover rate - 1% increase	(980,517)	(527,609)	(271,799)	(203,059)
Turnover rate - 1% decrease	651,797	311,282	139,391	70,334
Salary incremental rate - 1% increase	1,216,937	595,520	358,282	231,309
Salary incremental rate - 1% decrease	(1,051,775)	(523,415)	(324,714)	(214,479)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

19. Share capital

On 27 April 2023, the Annual General Meeting of shareholders approved the following resolutions:

- 1) Approved the Company's registered capital decrease of Baht 82,692,587 from Baht 5,129,173,402.50 to Baht 5,046,480,815.50 at a par value of Baht 0.50 per share by cancelling 165,385,174 registered but unissued ordinary shares.
- 2) Approved the Company's registered capital increase of Baht 327,056,544.50 from Baht 5,046,480,815.50 to Baht 5,373,537,360 by issuing and allotting 654,113,089 new ordinary shares at a par value of Baht 0.50 per share to accommodate the exercise of the warrants to purchase the Company's newly issued ordinary shares (XPG-W4).

The Company registered the decrease and increase in its share capital with the Ministry of Commerce on 19 May 2023 and 22 May 2023, respectively.

As at 31 December 2023 and 2022, the Company has registered share capital of Baht 5,373,537,360 and Baht 5,129,173,403, respectively and issued and paid-up share capital of Baht 4,758,046,669 and Baht 4,680,674,292, respectively.

Additional share subscription from the exercise of warrants

During the current year, the Company received additional share subscription from the exercise of warrants, as detailed below.

	Warrant	Ordinary share	Exercise price	Amount
	(units)	(shares)	(Baht/share)	(Baht)
XPG-W4	23,371,811	154,744,754	0.815	126,116,974

Reconciliation of number of ordinary shares

The movements of paid-up capital and premium on ordinary shares of the Company are as follows:

	Number of		
	ordinary shares	Paid-up capital	Share premium
	(Shares)	(Baht)	(Baht)
1 January 2022	8,903,435,664	4,451,717,832	5,991,136,245
Increase in capital from exercising of			
the rights of the warrants	457,912,921	228,956,460	144,242,570
31 December 2022	9,361,348,583	4,680,674,292	6,135,378,815
Increase in capital from exercising of			
the rights of the warrants	154,744,754	77,372,377	48,744,597
31 December 2023	9,516,093,337	4,758,046,669	6,184,123,412

20. Capital management

The objectives of capital management of the subsidiaries are to sustain the subsidiaries's ability to continue as a going concern in order to generate returns to the shareholders and benefits for other stakeholders and also to maintain an optimal capital structure.

In addition, the subsidiaries have to maintain their net liquid capital and equity to meet the requirements of the Office of the Securities and Exchange Commission.

As at 31 December 2023, the subsidiaries are able to maintain its net liquid capital more than the required condition.

21. Premium on share capital

The share premium account is set up under the provisions of Section 51 of the Public Companies Act. B.E. 2535, which requires companies to set aside share subscription monies received in excess of the par value of the shares issued to a reserve account ("share premium"). Share premium is not available for dividend distribution.

22. Statutory reserve

Under the Public Limited Company Act. B.E. 2535, section 116, the Company is required to set aside as a statutory reserve at least 5% of its net profit after accumulated deficit brought forward (if any) until the reserve is not less than 10% of the registered capital. The statutory reserve is not available for dividend distribution.

As at 31 December 2023 and 2022, the Company has statutory reserve at the rate of 2.21 and 2.22 percent of authorised share capital, respectively.

29. Earnings per share

Basic earnings per share is calculated by dividing profit for the year attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the year.

Diluted earnings per share is calculated by dividing profit for the year attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the year plus the weighted average number of ordinary shares which would need to be issued to convert all dilutive potential ordinary shares into ordinary shares. The calculation assumes that the conversion took place either at the beginning of the year or on the date the potential ordinary shares were issued.

The following table sets forth the computation of basic and diluted earnings per share:

	Consolidated financial statements

30. Provident fund

The Group sets up a provident fund for those employees who elected to participate. The contributions from the employees are deducted from their monthly salaries, and the Group matches the individuals' contributions. The provident fund of the Group is managed by SCB Asset Management Company Limited.

For the years ended 31 December 2023 and 2022, the Group has contributed Baht 4 million and Baht 3 million, respectively, to the fund (the Company only: Baht 2 million and Baht 2 million, respectively).

32.2 Restricted bank deposits

As at 31 December 2023, the Company and the Group had saving deposits of Baht 0.20 million that have been pledged as a security for payment of debt and 3-month fixed deposits of Baht 30.25 million that have been pledged as collateral for derivative transactions.

33. Segment information

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance.

For management purposes, the Group is organised into business units based on its services and have 5 reportable segments as follows:

- Securities segment
- Fund asset management segment
- Digital assets segment
- Asset management segment
- Investment and other segment

The chief operating decision maker monitors the operating results of the business units separately for the purpose of making decisions about resource allocation and assessing performance. Segment performance is measured based on operating profit or loss and total assets and on a basis consistent with that used to measure operating profit or loss and total assets in the financial statements.

Business segment information of the Group for the years ended 31 December 2023 and 2022 are as follows:

(Unit: Thousand Baht)

34. Risk management

34.1 Maintaining Net Liquid Capital Ratio

Subsidiaries

Under the Notification of the Office of the Securities and Exchange Commission No. KorNor. 20/2552, regarding "The Capital Adequacy of Management Company", the asset management company has to maintain owners' equity at least Baht 20 million for mutual fund management business, at least Baht 20 million for private fund management business with provident fund and at least Baht 10 million for private fund management business without provident fund management. Under the Notification of the Office of the Securities and Exchange Commission No. ThorNor. 42/2552, regarding "The Responsibility Insurance of Management Company and the Notification for Capital Adequacy of Management Company", the warning level at Baht 30 million for mutual fund management business, the warning level at Baht 30 million for private fund management business with provident fund and the warning level at Baht 15 million for private fund management business without provident fund management. In case the Company cannot maintain the capital adequacy over the warning level, the Company has to report to the Office of the Securities and Exchange Commission including the plan to recover its owners' equity to the warning level.

On 17 January 2018, the Office of the Securities and Exchange Commission issued the Notification of the Office of the Securities and Exchange Commission No. KorThor. 3/2561, regarding "The Capital Adequacy of mutual fund management, private fund management, securities brokerage and securities trading, securities underwriting and derivatives fund management" which effective on 1 April 2018. The subsidiary has to maintain the 3 parts of its capital in order to comply with this notification.

- 1. Owner's equity: The Company has to maintain its equity at least Baht 20 million.
- 2. Liquid capital: The Company has to maintain its liquid capital at least the average 3 months per year of business operation expenses.
- 3. Professional Indemnity Insurance: At least either 0.01 percent of net asset value or the amount of an insurance coverage is required.

The primary objectives of the Company's capital management are to maintain the Company's ability to continue as a going concern and to maintain net capital in accordance with the rules laid down by the Office of the Securities and Exchange Commission. The Company specifies the scope of transactions and assigns the risk management to responsible for closely monitoring net capital ratio figures. During the year, the Company can maintain net capital ratio in accordance with the rules.

As at 31 December 2023 and 2022, the subsidiary is able to maintain the capital adequacy which is in accordance with the SEC's regulations.

34.2 Significant financial instruments risk

As at 31 December 2023 and 2022, the Group has not speculated in or engaged in trading of any off-financial position financial derivatives instruments.

34.2.1 Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates, and it will affect the operation results of the Group and their cash flows. The Group's exposure to interest rate risk relates primarily to its cash at banks, loans and borrowings. Most of the Group's financial assets and liabilities bear floating interest rates or fixed interest rates which are close to the market rate. Therefore, interest rate risk of the Group is low.

As at 31 December 2023 and 2022, significant financial assets and liabilities classified by type of interest rate are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity date, or the repricing date if this occurs before the maturity date.

34.2.2 Credit risk

Credit risk is the risk that the party to a financial instrument will fail to fulfil an obligation causing the Group to incur a financial loss. The financial assets of the Group are not subject to significant concentration of credit risk. The maximum credit risk exposure is the carrying amount of the financial instrument, less provision for losses, as stated in the statements of financial position.

34.2.3 Foreign exchange risk

Foreign exchange risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group expects that there may be an effect from changes in exchange rates resulting from a portion of assets in foreign currencies which are not hedged.

As at 31 December 2023 and 2022, the balances of financial assets denominated in foreign currencies which the Group had unhedged foreign currency are summarised below.

Consolidated and separate financial statements

Foreign currency	Financia	al assets	Average	exchange rate
	2023	2022	2023	2022
	(Million Baht)	(Million Baht)	(Baht per 1 for	reign currency unit)
USD	478	458	34.0590	34.3913 - 34.5450
LAK	5	6	0.0017	0.0020
GBP	43	41	43.4180	41.2273

34.2.4 Market situation risk

The Group's exposure to market situation risk is the risk that volatility on stock price will substantially reduce the value of the Group's investments. However, the Group manages such risk at acceptable levels through risk management policies as well as a risk monitoring function.

34.2.5 Liquidity risk

Liquidity risk is the risk that the Group will be unable to liquidate their financial assets and/or procure sufficient funds to discharge their obligations in a timely manner. The Group have a policy to maintain liquidity to ensure that they have sufficient liquidity to meet both present and future requirements.

The periods of time from the end of reporting period to the maturity dates of financial instruments as at 31 December 2023 and 2022 are as follows:

34.2.6 Fair value

The fair value disclosures, considerable judgement is necessarily required in estimation of fair value. Accordingly, the estimated fair value presented herein is not necessarily indicative of the amount that could be realised in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

As at 31 December 2023 and 2022, the Group had the following financial assets and financial liabilities that were measured at fair value or amortised cost but has to disclose the fair value, using different levels of inputs as follows:

(Unit: Million Baht)

34.2.7 Reconciliation of recurring fair value measurement, of financial assets, categorised within level 3 of the fair value hierarchy.

(Unit: Million Baht)

	Consolidated and separate financial statements		
		Investments measured	
	Investments	at fair value through	
	measured at fair value	other comprehensive	
	through profit or loss	income	
Balance as of 1 January 2023	43	458	
Increase during the year	-	19	
Decrease during the year	-	(3)	
Net gain recognised during the year	9	(76)	
Balance as of 31 December 2023	52	398	

The methods and assumptions used by the Group in estimating the fair value of financial instruments are as follows:

Financial assets/Financial liabilities	Valuation techniques and key inputs
Domestic and foreign marketable equity	Latest bid prices of the last working day of the reporting
instruments	period as quoted on the Stock Exchange of Thailand and
	foreign stock exchange
Domestic marketable unit trusts	Net asset value of the last working day of the reporting period
Domestic non-marketable equity instruments	Latest net book value or based on generally accepted price
	models in the absence of a market price.
Foreign non-marketable equity instruments	Latest net book value or based on generally accepted price
	models in the absence of a market price.
Bill of exchange	Discount cash flow by future cash flows are estimated based
	on forecasted interest rate at the end of the reporting period
Corporate bond and government bond	The marketable fair value using the yield rates quoted by the
	Thai Bond Market Association
Cash and cash equivalents	The fair value is assumed to approximate their book value in
	the statement of financial position due to their short-term
	mature
Short-term loans and short-term loans to	Approximately carrying amount in the statement of financial
related parties	position due to their short-term mature
Loan to the purchase of debtors and	The fair value is calculated based on the present value of
accrued interest receivables	future cash flows expected to be derived from repayment or
	the sale of collateral, with a discount of credit risk-adjusted
	effective interest rate of loan
Other borrowings	Discount cash flow by future cash flows are estimated based
	on forecasted interest rate at the end of the reporting period
Others	Latest bid prices of the last working day of the reporting period

35. Transfer of business

On 1 May 2009, the Company transferred its business and margin loan accounts to Krungthai XSpring Securities Company Limited an associated company, in accordance with a partnership plan to develop securities business with Krung Thai Bank Plc.. The Company received returns from the transfer of business in the total amount of Baht 500 million. At the end of year 2011, the Company recognised the entire amount of consideration from the transfer of business of Baht 500 million as the associated company was able to generate 3-year cumulative EBITDA from 2009 - 2011 according to the criteria specified in the agreement.

The Company recognised such gain on transfer of business to an associated company as income in the consolidated financial statements according to the shareholding percentage of the third parties in the associated company. The remaining amount was presented as "unrealised gain on transfer of business to an associated company". The Company will realise such "unrealised gain on transfer of business to an associated company" as an income when the Company has lower percentage of shareholding in the associated company and when the associated company calculates depreciation or sells such transferred assets to the third parties.

36. Litigations

On 18 March 2019, the Company and an associate have been jointly sued for the commitment of wrongful acts in providing one of financial services. On 27 January 2022, the Court of First Instance dismissed the plaintiff's complaint. However, the plaintiff appealed against the judgement of the Court of First Instance on 25 April 2022. Subsequently, the Company filed a counterappeal with the Appeal Court on 11 July 2022. The case is currently under consideration by the Appeal Court.

On 20 November 2019, the Company, an associate and a third-party individual were jointly sued by seven third-party plaintiffs for the commitment of wrongful acts in providing a similar financial service as mentioned in the earlier case.

On 17 March 2020, the Company, an associate and a group of 30 individuals were jointly sued in a criminal case by the same seven third-party plaintiffs as mentioned earlier.

On 19 October 2022, a subsidiary company, along with 24 third-party persons/companies, was jointly sued on the grounds of allegedly violating the provisions of the Securities and Exchange Act. The alleged violations involved the revocation of bills of exchange, mortgages, the written acknowledgment of the obligation, and commitment of wrongful acts.

On 10 October 2023, the Company, an associate and a group of 14 individuals were jointly sued in a criminal case by the third-party plaintiffs.

The Company and a subsidiary company's management and lawyer have considered the situation and believed that the Company has sufficient evidence to refute the allegations in these five cases.

37. Approval of financial statements

These financial statements were authorised for issue by the Company's Board of Directors on 23 February 2024.
